

The UC Santa Cruz Budget - A Bird's Eye View

UNIVERSITY OF CALIFORNIA
SANTH CTRUZ
Office of Planning and Budget 2010-11 Edition

## September 2010

On behalf of the staff in Planning and Budget, I am happy to provide you with the 2010-11 edition of The Birds Eye View. The document provides a unique look at the permanent operating budget for the campus and each of its major units. It includes recent data on the degrees conferred, the majors of our students, the number of faculty budgeted in each department, enrollments by department, and extramural awards. You can find it on the web at

## http://planning.ucsc.edu/budget/reports/birdseye.

Three years of budget reductions have had a significant impact on every facet of the campus. The cumulative impact of permanent cuts implemented in 2008-09, 2009-10, and 2010-11 have fallen most heavily on institutional and academic support areas of the campus. We have sought to protect the academic mission by limiting cuts to instructional and research areas. This has become more difficult with each successive round of new reductions. Unlike my experiences as an ocean scientist on a research vessel in turbulent seas, the university could not weather these challenges by simply battening down the hatches or sailing to calmer seas. The severity of the cuts has necessitated many changes at UCSC, but it has not reduced the campus's commitment to high-quality undergraduate and graduate education. We have directed resources to the curriculum to ensure enrolled students have the courses they need to make timely progress toward the degree, and we are very excited about the students enrolled for fall 2010.

The McHenry Library Addition and Renovation Project will be completed later this year. Ten years in the planning, this outstanding architecturally designed building is in a setting of terraced reading gardens, redwoods, and cherry trees. The new library will house a growing collection of print and electronic materials in the humanities, social sciences, the arts, and

special collections. A state of the art technological infrastructure will give students and faculty access to electronic resources and services that meet the needs of education and research in the 21st century.

UCSC is the largest employer in Santa Cruz County and recently received a California Fit Business Award, given by the California Task Force on Youth and Workplace Wellness for promoting employee health and a healthier workplace. The campus has invested in systems to improve the efficiency and effectiveness of our operations and we are currently developing a telecommunications master plan that will guide the development of essential information technology infrastructure over the next decade.

The campus recently welcomed Professor Alison Galloway as the new Campus Provost and Executive Vice Chancellor. Her appointment adds new excitement as we look forward to the challenges of 2010-11.

Readers who are interested in learning more about how the funds are allocated, where they come from, and the campus process for developing its resource plan are encouraged to check out the Budget Handbook. It is available at http://www.ucsc.edu/administration/evc. I hope you will visit the Planning and Budget Office on the web at: http://planning.ucsc.edu/. You may also contact us at planning@ucsc.edu if you have questions, need additional information, or have suggestions for other data we should include in future updates.

## About The University of California, Santa Cruz

Since its inception, UCSC has been dedicated to excellence in undergraduate education, graduate studies, and research. UCSC's projected fall/winter/spring enrollment in 2010-11 is 16,680 students. This includes 15,255 undergraduates and 1,425 graduate students. The budgeted average ratio of student FTE to faculty FTE was 19.4 to 1 in 2008-09. UCSC offers instruction in the traditional fall-winter-spring quarters, as well as during the summer and in off-campus venues such as Education Abroad and UCDC at the University of California Washington DC Center. Currently, about 90 percent of the students are undergraduates enrolled in one or more of UCSC's 55 majors.

The UCSC main campus consists of approximately 2,000 acres of land overlooking Monterey Bay. Its 551 buildings (including residential facilities) provide approximately 5.7 million gross square feet of space. UCSC leases over 314,000 square feet of space at 7 different locations in Santa Cruz, and 2 locations in Silicon Valley. The campus has research facilities located on Monterey Bay (the 73 -acre Marine Science Campus about 2 miles from the main campus and the 483 acre Monterey Bay Education Science and Technology Center near Monterey, California), at Lick Observatory on a 3,600 acre site atop Mount Hamilton in San Jose, California, and at NASA Ames in Silicon Valley. UCSC oversees nearly 5,000 acres of natural reserves, and provides instruction throughout the Monterey Bay area and in Silicon Valley via UC Santa Cruz Extension. UCSC also manages a University Affiliated Research Center (UARC) under a 10-year $\$ 330$ million contract with NASA Ames Research Center in Mountain View, California.

The campus is the largest single employer in Santa Cruz County. Over $12,000 \mathrm{~W}-2$ statements were issued to faculty, staff, and student employees in 2009. In 2004-05, UCSC generated $\$ 960$ million in economic activity within Santa Cruz County. This supported approximately 13,415 jobs in the County - 3,850 university jobs and another 9,565 jobs in the local community. In addition, UCSC faculty, staff and students contribute approximately one million hours of community service, which represents an economic value of more than $\$ 12$ million to the local economy.

UCSC has an NCAA Division III athletic program that includes men's and women's teams in basketball, cross country (women's only), golf (women's only), soccer, swimming and diving, tennis, and volleyball. The players on these teams are outstanding student athletes, and many are ranked among the top players in the western conference and the country. Several of UCSC's student athletes have received scholar athlete awards.

## Facts and Figures

Name: University of California, Santa Cruz

Opened: Fall 1965
Chancellor: George Blumenthal

Emphasis: A nationally ranked research university devoted to excellence in undergraduate and graduate education.

Total number of alumni: 77,600

## Athletics:

NCAA Division III
(Men's/Women's Teams unless otherwise indicated)

- Basketball
- Cross Country (w only)
- Golf (w only)
- Soccer
- Swimming \& Diving
- Tennis
- Volleyball

## Academic Programs:

Undergraduates may pursue 55 majors.
Graduate students may pursue master's degrees and certificate in 25 fields, and doctoral degrees in 32 programs.

## Major Research Units:

- Arts Research Institute
- California Institute for Quantitative Biomedical Research (QB3)
- Center for Information Technology Research in the Interest of Society (CITRIS)
- Institute for Geophysics and Planetary Physics
- Institute for Humanities Research
- Institute of Marine Sciences
- Santa Cruz Center for International

Economics

- Santa Cruz Institute for Particle Physics
- UC Observatories/Lick Observatory
- University Affiliated Research Center (UARC)

## Carnegie Classification:

Research University — Very high research activity

Profile of New Undergraduate Students Fall 2010
(all figures represent the mean, as of $9 / 3 / 2010$ )

## New Freshmen:

GPA (High School): 3.61
SAT R Reading: 561
SAT R Math: 575
SAT R Writing: 561

## Transfer Students:

Transfer GPA: 3.12
Most popular Undergraduate Majors in 2009-10:

1. Psychology
2. Health Sciences
3. Business Mgt. Econ.
4. Politics
5. Environmental Studies
6. Film \& Digital Media
7. Literature
8. Anthropology
9. Biology

| Special Outlays (Financial Aid, Library Books, Utilities, Extramural Research) | $\$ 161.1$ |
| Less: Recharges | $\underline{-\$ 41.1}$ |
|  | $\$ 570.2$ |

## Academic Program and Curriculum

Degrees are offered in 55 undergraduate majors, 25 masters and certificates, and 32 doctoral programs. At the undergraduate level, UCSC offers three bachelor's degrees: the Bachelor of Arts, Bachelor of Music, and Bachelor of Sciences. At the graduate level, UCSC offers two Certificates and three Master's degrees: Master of Arts, Master of Sciences, and Master of Fine Arts; and three doctoral degrees: Doctorate of Musical Arts, Doctorate of Education, and Doctorate of Philosophy.

## TRENDS

## Funding Sources

The major revenue streams at UC Santa Cruz include State funds, student tuition and fees, income from self-supporting activities, such as housing and the bookstore, funding from private sources, and federal and state government contracts and grants. Over the past decade, there have been significant changes in the composition of the budget for UCSC as shown on the chart at the right.

In the late 1980s, the State provided between $50 \%$ and $60 \%$ of UCSC's funding. In 2009-10 support from the State dropped to less than $30 \%$ of the campus's budget, reflecting significant budget cuts from the state as well as increases in student fees, extramurally funded research and auxiliary enterprises, such as student housing.

California continues to make higher education a high priority. The precarious nature of the state's budget, however, has created significant uncertainty about the level of state funding that will be provided in the future.

## ILC SANTA CRUI

## Contracts and Grants

Grant and contract awards totaled almost \$148 million in 2009-10, including \$33M through ARRA - the American Recovery and Reinvestment Act. The single largest award was a NASA contract for \$27M for the University Affiliated Research Center at the NASA Ames Research Center. The largest funding source was NASA (\$35.7M), followed by NSF (\$35.1M) and the National Institutes of Health ( $\$ 33.7 \mathrm{M}$ ). The single largest private fund source was the Gordon and Betty Moore Foundation (\$1.9M). The top five departments receiving awards were Molecular, Cellular \& Developmental Biology (\$10M), Biochemical and Molecular Biology (\$12.6M), UCO/Lick Observatory (\$9M), the Institute of Marine Sciences (\$8.3M), and Chemistry (\$6.6M).

## 2008-09

SANTA CRUZ
Total Giving (\$ Millions) - Cash

## Gifts and Funding From Private Sources

Gifts and private grants are received from alumni and other friends of the University, campus-related organizations, corporations, foundations, and other nonprofit entities. Private grants are received from for-profit and other organizations.

[^0]
## Student Fees

Students at the University of California pay two mandatory systemwide fees: the Educational Fee and the Student Services Fee (formerly called the Registration Fee). Income from these two fees is used to support student financial aid, student service programs, and a portion of the University's operating costs, including instruction related-costs. Nonresident students pay nonresident tuition. In addition, UCSC has several campus-based fees. More information on student fees and their uses can be found at: http://studentaffairs.ucsc.edu/studentfees/.

From 1995-96 to 2001-02, the State provided funding to UC to avoid increases in the Educational Fee or the Student Services Fee. The State also provided funding to reduce mandatory UC fees by $10 \%$ for resident undergraduate students and $5 \%$ for resident graduate students. Between 2003-04 and 2009-10, when the State's fiscal condition worsened and additional cuts were assigned to UC, The Regents offset a portion of the cuts that would have been targeted to the instructional program by increasing mandatory undergraduate fees, graduate fees, and nonresident tuition. Fees increased $10 \%$ at the start of 2009-10. At their November 2009 meeting, the UC Regents approved a 2009-10 mid-year fee increase of $15 \%$ for undergraduates and a $2.8 \%$ increase for graduate students, and an additional fee increase of $15 \%$ for undergraduate and graduate students in 2010-11.

## Resident Undergraduate Student Fees in Real and Constant Dollars

Over time, UC's undergraduate student fee levels have closely tracked the State's economy. In good years, fees were held steady or were reduced. In years of fiscal crisis, student fees increased dramatically. Fees have not increased significantly when adjusted based on California per capita personal income.

Source: 2010-11 Regents Budget for Current Operations, December 2009

The fee levels for 2010-11 are shown below.

| Undergraduate Student Fees | Annual |  |
| :--- | :--- | ---: |
|  |  |  |
| Student Services Fee (formerly Reg Fee) | $\$$ | 900 |
| Educational Fee |  | 9,402 |
| Campus Fees |  | 1,203 |
| Health Insurance (waivable) | $\mathbf{\$}$ | $\mathbf{1 , 3 5 3}$ |
| Total California Resident | $\mathbf{1 2 , 8 5 8}$ |  |
|  | $\mathbf{2 2 , 0 2 1}$ |  |
| Nonresident Tuition Fee | $\mathbf{\$}$ | $\mathbf{3 5 , 7 3 7}$ |

| Graduate Student Fees | Annual |  |
| :--- | ---: | ---: |
| Student Services Fee (formerly Reg Fee) | $\$$ | 900 |
| Educational Fee |  | 9,402 |
| Campus Fees |  | 1,081 |
| Graduate Health Ins. Fee (waivable) |  | 2,616 |
| Total California Resident | $\$$ | $\mathbf{1 3 , 9 9 9}$ |
|  |  |  |
| Nonresident Tuition Fee |  | $\mathbf{1 4 , 6 9 4}$ |
| Ed Fee Differential | $\mathbf{\$}$ | $\mathbf{2 9 , 1 0 1}$ |

A Historical Perspective ..

## Distribution of Student Service Fee and the Student Programs Fee (Measure 7)

Student Service Fees (formerly called Registration Fees) are allocated to support student service programs that are necessary to students, but not part of the University's programs of instruction, research, or public service. This includes programs related to the physical and psychological health of students, cultural and recreation programs, and capital improvements that provide extracurricular benefits for students. In May 2010 the UC Regents approved changes to the student fee policy. One of the changes was to change the name of the Registration Fee to the Student Services Fee. Another significant change makes the Student Services Fee subject to the University's return-to-aid practice on incremental increases beginning in 2011-12.

The Student Programs Fee (Measure 7) is a mandatory student fee that is the result of a referendum that was placed on the ballot by students in Spring 2003 to help preserve the existing variety and quality of student programs that were threatened by a state imposed cut. Measure 7 was voted on by undergraduate and graduate students, and approved with $91 \%$ of the vote, in an election that had the highest turnout in campus history. The $\$ 1.87$ million cut that was imposed on the student service budget in 2003-04 was offset by the income that resulted from passage of Measure 7 .

The Student Fee Advisory Committee (student members represent a majority of the membership) provides advice on the allocation of Student Services Fees and the Student Programs Fee (Measure 7). For more information on the Student Fee Advisory Committee, visit their web page at: http://www2.ucsc.edu/sfac/.

The Student Fee Advisory Committee (SFAC) 2010-11
Reports to and advises the Chancellor, the Vice Chancellor of Student Affairs and the Executive Vice Chancellor on programs and services funded by student fees.

## Committee Charge:

The purpose and objectives of the Student Fee Advisory Committee shall be as follows

1. To assist the Chancellor, Campus Provost/EVC, and the Vice Chancellor for Student in regular efforts to ascertain attitudes of the student body on matters pertaining to the Student Services Fee, Student Programs Fee, and certain other miscellaneous fees.
2. To provide a continuing study of programs supported by Student Services Fees and selected programs supported by Miscellaneous Fees, and to recommend funding priorities to the Campus Provost/EVC and the Vice Chancellor Student Affairs.
3. To advise the Campus Provost/EVC and the Vice Chancellor Student Affairs on other questions regarding campus based student services programs.

## Membership:

- Ten undergraduate candidates are recommended by the Student Committee on Committees (SCOC).
- One graduate student is recommended by the Graduate Student Association (GSA).
- One (non-voting) representative of the Vice Chancellor Student Affairs.
- One at-large administrative representative nominated by the Staff Council.
- One member of the faculty nominated by the Council of Provosts.
- One (non-voting) representative from Planning and Budget

NOTE: Figures include budgeted funds from Student Services Fee and Measure 7 Student Programs Fees only. The budget figures do not include one-time funding sources.

## Housing

Housing for UCSC students, faculty and staff remains a priority for the campus.

The campus has a range of housing options for students - including residence halls with common dining facilities, apartments with kitchens, family student housing, and campus operated housing located off-campus.

## Impact of 3 Years of Budget Reductions

The State of California faced a budget shortfall of $\$ 66$ billion going into 2009-10, and an \$18B shortfall in 2010-11. To address the problem, taxes and fees were increased and cuts were made to statesupported entities, including higher education and the University of California system. The impact to UCSC was $\$ 28$ million in one-time cuts and over $\$ 32$ million in permanent cuts between 2008-09 and 2010-11. This triggered significant cuts in programs, staff, and a pay cut for employees. The biggest cuts were in institutional support, as shown in the table to the right.

Student Bedspaces 2005-06 to 2009-10

| \$32.2 M Three-Year Cumulative Impact |  |  |
| :--- | ---: | ---: |
| Academic Divisions | $\$ 10,654,900$ | $33 \%$ |
| Academic Support | $3,561,600$ | $11 \%$ |
| Institutional Support | $14,087,900$ | $44 \%$ |
| Auxiliary Enterprises (CUHS) | $2,017,000$ | $6 \%$ |
| Central Reductions | $1,850,200$ | $6 \%$ |
|  | $\$ \mathbf{3 2 , 1 7 1 , 6 0 0}$ | $100 \%$ |

## Capital Improvement Program

To sustain progress in achieving its mission, the campus must address a number of capital program issues. Priorities for the capital improvement budget are based in part on the guidelines used by the California Postsecondary Education Commission (CPEC). The campus must continue to consider projects for:

Instruction and research: Over the past twenty years, a shortage of space developed in virtually all campus programs. Recent capital improvement projects have addressed many of those needs, but space shortages and limited flexibility remain, particularly in the sciences and engineering programs.

Since, for capital planning purposes, enrollments have been rolled back to the 200708 level through 2014-15, CPEC guidelines for Instruction \& Research (I\&R) space have the campus, upon completion of the Digital Arts Research Center, the McHenry Project, Biomedical Sciences Facility, and Coastal Biology Building at approximately 94 percent of CPEC guidelines by fall 2014.

## UCSC Existing and Projected Space by CPEC Category

 Relative to CPEC Guidelines (Based on 2010-15 Space Tables)

A close look at the chart to the left reveals that the primary
 challenge facing the campus is the provision of classroom, office, and research space.

Renewal of existing facilities and utility infrastructure: The 45-year-old campus has an urgent need for renewal of existing facilities and infrastructure in response to changing academic programs, new health, safety, and regulatory requirements, declining condition, and building aging and obsolescence. Improvements are required not only for buildings, but also for utility infrastructure such as the campus fire alarm, sewer, communications, water (cooling, heating, fire protection, and domestic), electrical, natural gas, drainage systems, and cogeneration plant.

Circulation infrastructure: The 2005 Long Range Development Plan and other planning efforts have made clear that an adequate University campus circulation infrastructure is essential. The campus occupies 2,000 acres, with the developed central campus (consisting of the colleges and most of the academic buildings) comprising about 400 acres. Changes in elevation, many ravines, and dense trees create the need for a coordinated system of pedestrian and automobile bridges, roads, and pathways to provide more direct and efficient routes throughout the campus. This network remains incomplete and the current system is further strained under the weight of past enrollment growth.

For nearly two decades the campus has relied primarily on the use of State general obligation bonds and State lease-revenue bonds to support its enrollment-related (sometimes called capacity) capital needs. Even with this funding, however, there is a funding gap and the campus has committed itself to a series of strategies, including the more efficient use of space, reducing the cost of construction, and raising private funds, to help mitigate this gap.

Six-Year State and Non-State Capital Improvement Program: The Santa Cruz campus annually prepares a capital program based both on a practical assessment of facility needs and on a realistic expectation of the amount of capital funding expected from the State and the funding available for non-State-funded projects.

Projects proposed for State funding in the campus's current 2010-11 to 2019-20 Capital Improvement Program are based on detailed planning and pre-design analysis that typically starts two or even three years before the initial State funds are available.

In addition to core instruction and research and academic support facilities funded through the State, the campus requires new facilities that support organized research activities (including facilities on the Marine Science Campus), student activities and housing, infrastructure, administration, and supporting facilities for the arts (including an art gallery). In line with these needs, the non-State-funded portion of the Six-Year Capital Improvement Program typically includes projects that support research, improve infrastructure, and provide student housing.

The chart on the next page reflects the proposed 2010-11 to 2019-20 State and Non-State Capital Improvement Program, and is subject to revision.

The Budget Profiles were prepared to provide a better understanding of UCSC's budget and the operating budgets of the academic and academic support divisions and departments. Some areas of the campus are funded primarily with general funds. Other areas are supported with student fees, and some areas are largely self-supporting or supported by recharge income.

In that the Budget Profiles are intended to provide insight into a division's or department's sources and uses of available "permanent" or on-going resources, one-time extramural support (e.g., income from annual gifts or from contracts and grants) is excluded. Such one-time resources represent about a fifth of the overall campus operation budget.

A note about recharge income: Because recharge income does not add to the total budget of the campus, uniform accounting procedures require the campus to budget recharge income as an offset to expenses. Recharge income does, however, provide a source of income for those units that offer services on a recharge basis. The two permanent budget summary reports described below show the budget net of recharge income. The multiyear report shows the budget with recharge income.

The budget data provided in the profiles is presented in three views, as follows:

- 2010-11 Permanent Budget Summary By Major Fund Source: This view lists the funding sources that are permanently budgeted in the division, and indicates the amounts budgeted for each major expenditure category (e.g., salaries, supplies, equipment, employee benefits, and recharge income).
- 2010-11 Permanent Budget Summary By Major Unit: This view summarizes the 2010-11 permanent budget by Major Unit. This report lists the major units within the division, and summarizes the budget by major expenditure category (e.g., salaries, supplies, equipment, employee benefits, and recharge income).
- UC Santa Cruz Campus Divisional Budget Summary: This view looks at the permanent budget, as of July 1, for the past 4 years. The total permanent budget is listed by major department in the division.

## UC SANTA CBU7

The total budget in the Permanent Budget view does not always have the same budget figure shown in the multi-year divisional budget summary. This is because of recharge income. For those units or divisions with recharge income, one report deducts the recharge income from the total budget. The other view of the budget includes the recharge income in the total budget.

The following example illustrates the difference.

Permanent Budget Summary

The first report delineates the amount of recharge income the unit anticipates generating, while the second report includes the recharge income to give a more accurate depiction of the overall permanent budget.

## A Note About Budget Cuts....

The permanent budgets in the divisions do not reflect one-time cuts of $\$ 28 \mathrm{M}$ that the campus sustained between 2008-09 and 2009-10. Furthermore, year-to-year comparisons do not fully capture the impact of the difficult permanent budget reductions that were needed to fund mandatory costs such as faculty merits, the increased cost of employee health benefits, employer contributions to the retirement system, collective bargaining agreements, and purchased utilities. Funding for these mandatory costs is reflected in the permanent budgets of the relevant units. Thus, even though a unit was forced to cut back services or reduce staff, their permanent budget may not appear to fully reflect that reduction.

## BUDGET PROFILES DEFINITION OF TERMS

## PRIMARY SOURCE DOCUMENTS

Financial Managers Workbench (FMW)—UCSC's Budget and Staffing System - This is an annual record system of all permanently budgeted funds on this campus. Information provided includes the number of permanently budgeted positions, and monies permanently budgeted for salaries, supplies, and benefits within each organization and fund. It also displays the permanently budgeted allocations for academic and staff positions, both filled and unfilled.

Course Audits - This is an annual record system of permanent faculty instructional workload and course offerings. The reports are organized by course offering unit within each division. Information provided includes for each faculty member a listing of courses taught, enrollments in those courses and independent studies, and a calculation of courseload. An aggregate course and enrollment load figure is calculated by unit for all associated faculty, and by division, and historical summaries are provided. A count of all courses offered (regardless of whether taught by permanent faculty) is also included.

Instructional Load Summary - This is a five year historical record system of instructional workload indicators. The reports are organized by academic unit within each division. It includes the number of undergraduate and graduate majors, enrollment workload FTE, degrees conferred, permanently budgeted faculty, payroll faculty, and weighted and unweighted student/faculty FTE ratios.

## BUDGET SUMMARY CATEGORIES

## Source of All Budget Information: FMW—Financial Managers Workbench

Budget - Refers to permanently budgeted activities in the specified fiscal year (July 1 to June 30) and does not include temporary (non-recurring) allocations or extramural contract and grant activity.

FTE - Full Time Equivalent. One FTE is one job at $100 \%$ time. An FTE is also a provision so that, theoretically, there could be 10 persons at $10 \%$ time to fill one FTE. In this context, FTE Total is the number of budgeted FTE provisions in a unit, whether or not an individual has actually been hired to fill the slot.

Academic FTE - Includes permanently budgeted ladder faculty, as well as personnel with academic appointments in nonladder faculty titles such as researchers, librarians, teaching assistants, and University Extension Continuing Education Specialists. This category includes both filled and unfilled FTE.

Staff FTE - Includes permanently budgeted staff positions (non-academic titles), including both filled and unfilled FTE.
Academic Salaries - Includes permanently budgeted funding for academic FTE positions.
Staff Salaries - Includes permanently budgeted funding for staff positions (non-academic titles).
General Assistance - Includes permanently budgeted funding for temporary staff and student employees.
Supplies and Materials - Includes all non-salary permanently budgeted funds; includes funding for supplies.
Equipment and Capital Expenditures - Includes non-salary permanently budgeted funds for equipment and inventorial items.

Retirement and Employee Benefits - Includes funds for health, dental, vision, retirement benefits, and other benefits paid by the employer.

Recharge Income - Estimated income from services provided to other campus units on a fee-for-service basis.

## SOURCE OF FUNDS

## Source for all Permanent Budget Information: FMW—Financial Managers Workbench

Auxiliary Enterprise- Non-instructional support services provided primarily to students in return for specified charges. Services include residence and dining services, parking, and the bookstore. No State funds are provided for auxiliary enterprises. Budget increases are matched by corresponding increases in revenues.

General Funds - Includes State Fund allocations, Educational Fees, general fund income from UC sources such as nonresident tuition, and the general fund portion of federal indirect cost receipts.

Gift and Endowments - Gift and endowment income is usually designated for specific activities or programs. Endowment income is based on annual earnings of the endowment principal. Gift income is a source of one-time funds received from private donations.

OTT/UOF - Off the Top Overhead (OTT) and University Opportunity Funds (UOF) derived from overhead charges to federal contract and grant activities.

Other Fees - Other fees include Santa Cruz campus fees which were approved by student referendum. These fees are usually designated to fund services required by students which are not part of the University's program of instruction, research, or public service.

Student Services Fee - Designated to fund support services and programs that directly benefit students that are complementary to, but not a part of, the core instructional program. This includes services for the physical and psychological health and well-being of students, cultural and recreational programs, campus life and career support services, and technology expenses directly related to these service. Services and programs funded by the Student Services Fee are broadly available to all students.

Self-Supporting - Income derived from charging other units for services.
Special State Appropriation - Funding received from the state for special activities (generally specific research programs) or from special funding sources, such as the lottery fund.

## DESCRIPTIVE INFORMATION

Academic vs. Non-Academic University Personnel: Academic personnel include academic administrators, regular teaching faculty, lecturers and other teaching faculty, student assistants, researchers, librarians, cooperative extension researchers, university extension faculty, and other academic personnel. Non-academic personnel include senior management (SMG), management and senior professionals (MSP), and professionals and support staff (PSS).

Source: University of California Statistical Summary of Students and Staff
Budgeted Faculty FTE by Department: Represents distribution of filled faculty positions and dollars allocated for instruction. Totals are constrained to match the level of budgeted faculty FTE allocated to UCSC by the University California Office of the President. Within this context, Permanent faculty represent positions filled by ladder faculty and security of employment lecturers. Temporary faculty represent dollars converted to FTE based on the distribution of temporary academic staffing funds and unfilled provisions.

Source: Instructional Load Summary
Courses Taught per Permanent Faculty FTE: Average number of 5-unit courses taught by permanent faculty for each program. Courses less than five units are counted proportionately. All courses are credited to the faculty member's affiliated board, regardless of which board sponsored the course. For example, Marine Sciences receives credit for any Biology courses taught by Marine Science faculty.

Source: Course Audits
Declared and Proposed Majors - Students who have declared or proposed a major in a discipline. Double and triple majors count proportional in each discipline (e.g., double majors count as 0.5 in each major).

Source: Instructional Load Summary

Degrees Conferred- Number of students receiving degrees in that discipline during the year (Fall, Winter, Spring, and Summer quarters). Students receiving degrees in more than one major count proportional in each (e.g., double majors count as 0.5 in each major).

Source: Instructional Load Summary
Extramural Awards - Contract and grant awards to faculty and student research.
Source: Sponsored Projects Office Annual Reports
Regular Student Enrollment per Ladder Faculty FTE - The number of students enrolled in regular courses per ladder faculty FTE. The number shown by department represents the average enrollments per faculty FTE for that department.

Source: Course Audits.
Student Workload FTE - Student workload FTE is calculated based on student credit hours (units) for each course, times enrollments, divided by a full time student annual courseload. A full time undergraduate student courseload is 45 units, while a full-time graduate student (not yet advanced to candidacy) courseload is 36 units. Graduate students advanced to candidacy are considered full-time based on quarters in which they are registered, and not the courseload, so three quarters of enrollment is equivalent to a full-time student. All regular course and independent study enrollments taught by permanent faculty plus all enrollments taught by temporary faculty are included in the calculation of student courseload.

Source: Instructional Load Summary

The Division of the Arts offers technical training, aesthetic development, and historical, theoretical, and critical studies in art, art history, dance, design/technology, drama, film/video, and music to all undergraduates as well as to undergraduate majors and graduate students.

The mission of the arts in education derives from their special modes of thinking and contributions to human experience and achievement. Often transcending verbal and mathematical conventions, the arts involve unique ways of knowing, understanding, expressing, communicating, and creating.

The mission of the Jack Baskin School of Engineering at UC Santa Cruz is to develop and sustain first-rate education and research programs that integrate the fundamental principles and sound practice of science and engineering. The School strives to serve the needs of the greater Silicon Valley region and the State of California by creating and disseminating knowledge through research and teaching, and by offering curricula that nurture creative thinking and prepare students for productive careers at industrial and academic settings in rapidly evolving areas of science and engineering.

Classical Studies is one of the areas of study in the Humanities Division

In the Division of Humanities, faculty and students seek to answer the fundamental question: What does it mean to be human? By awakening a sense of what it might be like to be someone else or to live in another time or culture, the humanities tell us about ourselves, stretch our imagination, and enrich our experience. The humanities are vital to our self-awareness, our culture, and our vision of the future.

Nine departments and programs constitute the humanities at UCSC -many of which are interdisciplinary. All programs provide opportunities for undergraduates to be directly involved in research.

## Division of Humanities Profile

| 2009-10 Majors: | 1,956 Head Count UG majors |
| :---: | :---: |
|  | 190 Head Count graduate majors |
| 2008-09 Number of | 613 BA/BS |
| Degrees Awarded: | 24 MA/MS \& Certificates <br> 12 PhD |
| 2010-11 Teaching and research staff: | 165 Budgeted Faculty FTE <br> 57 Budgeted Teaching Assistant FTE <br> 41 Budgeted Staff FTE |

2010-11 Funding:
Core Funds $\quad \$ 17.4 \mathrm{M}$
Other Funds \$ ---
Perm. Budget \$17.4M
C\&G Funds \$.6M Total Funding $\$ \mathbf{\$ 1 8 . 0 \mathrm { M }}$

A dolphin at Seymour Discovery Center
In the Division of Physical and Biological Sciences, scientists are redefining our understanding of the universe-working to meet, in the words of the UC Regents, "the societal and community needs of the State of California, and its people, and the health and well-being of all mankind." UCSC provides a stimulating research environment for undergraduate, graduate and postdoctoral students, giving every student access to inquiry-based learning opportunities, ranging from laboratory and field studies courses to senior thesis options. Faculty and staff contribute time and expertise to programs that provide academic support to students and engage in education outreach programs that encourage greater participation the sciences and help prepare students to succeed at UCSC.

## Division of Physical and Biological Sciences Profile

| 2009-10 Majors: | 3,502 Head Count UG majors <br> 423 Head Count graduate majors |
| :---: | :---: |
| 2008-09 Number of Degrees Awarded: | 767 BA/BS |
|  | 36 MA/MS \& Certificates |
|  | 67 PhD |
| 2010-11 Teaching and research staff: | 177 Budgeted Faculty FTE |
|  | 98 Budgeted Teaching Assistant FTE |
|  | 110 Budgeted Staff FTE |

2010-11 Funding:
Core Funds $\quad \$ 29.4 \mathrm{M}$
Other Funds \$.8M
Perm. Budget $\$ \mathbf{3 0 . 2 M}$
C\&G Funds \$68.8M
Total Funding $\$ \mathbf{\$ 9 . 0 \mathrm { M }}$

A sunflower at the Farm and Garden Project
The focus of the Division of Social Sciences is the study of human relationships and society. As global economic and political changes transform the world, social scientists are tackling some of society's most stubborn challenges, from racism, environmental degradation, and economic inequity to the opportunities of educational reform, globalization, and new technologies.

Students are offered a comprehensive and rigorous education that prepares them for productive careers and further academic pursuits.

## We have iPads! <br> Check one out at McHenry Library today.

## University Library Mission Statement:

In concert with UCSC's mission to create and disseminate knowledge through education, research, and service, the University Library provides access to and delivery of information resources by:

- developing, organizing, preserving , and securing its collections
- providing public service, instruction, and outreach to the UCSC academic community and beyond
- forging effective partnerships with the campus community and other institutions and organizations
- encouraging innovative and skilled staff to capitalize on new and evolving advancements in information technology.

## UCSC Library Profile

June 2010 Library 2.12 million volumes
Collection: $\quad 36,882$ serials and periodical titles
606,918 microforms
685,629 non-print items (maps, slides, audio, video recordings, Computer files, Government Documents, Microfilm reels and other materials)
2,271 manuscripts
891 other archival materials
Library staff: 29 Academic FTE
73 Budgeted Staff FTE

Visitors: There were 652,820 visitors to the library in 2009-10.

## UCSC Library

UCSC Library
Budget for 2010-11 (\$9.7 million)

The UCSC Library, founded in 1965, is both the smallest general library in the University of California System and the largest research library between Stanford and Santa Barbara.

UCSC's University Library collection is divided into two parts. Resources in the humanities, arts, and social sciences are located in McHenry Library, and the science collection is housed in the Science \& Engineering Library building on "science hill."

## The University Library

> Part of the statewide University of California library system.
> Gateway to books and periodicals on other UC campuses through the interlibrary loan program, as well as the California Digital Library.
> The McHenry Library Addition and Renovation Project, scheduled for completion in 2010-11, will provide the campus with an outstanding, architecturally designed building in a setting of terraced reading gardens, redwoods, and cherry trees. Ten years in the planning, the new library will house a growing collection of print and electronic materials in the humanities, social sciences, the arts and special collections. A state of the art technological infrastructure will give students and faculty access to electronic resources and services that meet the needs of research in the $21^{\text {st }}$ century.

Core Funds $\quad \$ 8.1 \mathrm{M}$
Other Funds $\$ \quad .6 \mathrm{M}$

C\&G Funds \$9.1 M
Total Funding $\$ \mathbf{\$ 1 7 . 8 M}$

## Multi Campus Research Units Profile

UC Observatory
The University of California Observatories (UCO) is a Multi-Campus Research Unit of the University of California, with headquarters at the UC Santa Cruz campus. UCO operates on behalf of the astronomers at all ten UC campuses and is comprised of extensive technical facilities, a business office, telescope and support facilities at the Lick Observatory on Mt Hamilton and a staff of astronomers. Its main activities are: 1) to coordinate UC research in optical and infrared astronomy, 2) provide the UC scientific and administrative interface to the Keck Observatory in Mauna Kea, HI, 3) maintain and operate the Lick Observatory on Mount Hamilton, 4) design and build state-of-the-art optics, detectors, instrumentation, and software systems, 5) support graduate and undergraduate teaching and postdoctoral training, and 6) contribute public outreach and education opportunities.

2010-11 Teaching and research staff

Institute for
Geophysics and Planetary Physics
(IGPP)

The
Chicano/Latino
Research Center

Budgeted Research and Academic FTE: 22 Budgeted Staff FTE: 47

The UCSC branch of IGPP was established in 1999-00 IGPP dates back to 1946 when the founding branch was established at UCLA. The IGPP mission is to promote and coordinate basic research on the understanding of the origin, structure, and evolution of the Earth, the Solar System, and the Universe, and on the prediction of future changes, as they affect human life.

The Chicano/Latino Research Center (CLRC), established in 1992, continues to be the primary institution supporting research on Latina/o and Latin American issues at UC Santa Cruz.

University Extension provides a wide range of high-quality continuing education programs for professional development and personal growth. Through UCSC Extension, the scholars, research facilities, and resources of the University of California are linked with the people, businesses, and communities of the state to help meet educational, economic, and social needs.

The UCSC Summer Session Program is committed to providing educational opportunities for students to accelerate or complete their goals.

Summer Session includes a summer quarter for matriculated UC students and a self-supporting program for non-UC students. Extension and Summer Session offer courses for degree credit.

The Business and Administrative Services division consists of twelve major units that provide services in four major areas:

- Business Services
- Internal Control
- Physical Environment
- Safety Services

## Business and Administrative Services Profile

Mission Statement:
Business and Administrative Services (BAS) units provide and maintain the administrative and physical infrastructure that supports the research, teaching, and public service mission of the campus. From providing police, fire, and environmental health and safety services, to overseeing the campus financial and staff human resources and payroll, BAS units are engaged in aligning administrative services with academic priorities, reducing risk, and maintaining the extraordinary physical environment of the campus.

A sampling of the services provided
by BAS:

- Provide life safety and security services, including law enforcement;
- Provide health, safety, and environmental protection
programs to the university and surrounding areas;
- Provide accounting services, assessment and mitigation of fiduciary risk, and protection and effective utilization of university assets and resources,
- Provide staff human resources services, including labor relations services for staff personnel.
- Plan, design, construct, and administer campus construction projects;
- Provide services for the safe and efficient operation, maintenance and repair of the campus infrastructure and physical assets;
- Provide transportation and parking services;
- Provide business services such as procurement, mail delivery, printing, copy, and temporary staff support.

BAS staff: 668 Budgeted Staff FTE

## buSiness \& ADMINISTRATIVE SERVICES

Chancellor George Blumenthal
In accordance with Chapter VIII, Section 3, of the Standing Orders of the Regents, "The Chancellor or Provost of each campus shall be the executive head of all activities on that campus, including academic, student and business affairs."

George Blumenthal, a professor of astronomy and astrophysics at UC Santa Cruz and former chair of UCSC's and UC's Academic Senate, is the campus's tenth chancellor.

Alison Galloway, professor of anthropology and one of the nation's leading forensic scientists, was appointed as Campus Provost and Executive Vice Chancellor in September 2010

The Plaza at College 8
UC Santa Cruz is a collegiate university. All undergraduate students and most faculty are affiliated with one of the colleges, their home within the larger university. All the colleges are committed to fostering a nurturing and academically thriving environment for students of all backgrounds. Each college strives to promote the attributes of a diverse community in its own unique way.

Self-contained and architecturally distinct, each college is a relatively small community of 20 to 90 faculty members and between 1,200 to 1,600 students, about half of whom live on campus.

The ten colleges were founded in the following order:

| Cowell (1965) | Kresge (1971) |
| :--- | :--- |
| Stevenson (1966) | Oakes (1972) |
| Crown (1967) | College Eight (1972) |
| Merrill (1968) | College Nine (2000) |
| Porter (1969) | College Ten (2002) |

The Division of Student Affairs is one of the major divisions of the UC Santa Cruz campus, with oversight of all issues and resources related to student life. Student Affairs is a cluster of units designed and devoted to serve all students, and to make sure that the learning and living environment on campus is conducive to students attaining their academic goals. For students, that means the basics like getting financial aid, housing, health services, and possibly a job from the career center. The staff of Student Affairs is committed to diversity, and always to excellence, working diligently to ensure student success, especially in regard to retention and graduation.

# Student Affairs Division Profile 

Projected 2010- 14,690 Undergraduate Students
11Campus Enrollment: 1,510 Graduate Students

2009-10 7,027 On-Campus and 220 Off-Campus
UCSC Student Housing:
Fall 2010 Applications \& 27,659 Freshman Applicants (65\% Admitted) Admissions: 6,963 Transfer Applicants (69\% Admitted)

Student Affairs Staff 603 Budgeted Staff FTE

## STUDENT AFFAIRS

* Does not include funds budgeted in support of the Colleges or Student Aid.

## Student Affairs Mission Statement

The Student Affairs Division offers a wide array of programs and services to support and advance the instruction, research, and public service mission of the University of California, Santa Cruz, by:

- Assuming primary responsibility and leadership for enrolling a diverse undergraduate student body and for the quality of the living and learning environment.
- Providing access and financial support programs to eligible students who would be unable to attend without such assistance.
- Supporting UCSC's unique college system and the development, through the colleges, of a community that values diversity and appreciation of individual differences, and that fosters civic responsibility.
- Supporting and expanding the social, cultural, emotional, physical, and intellectual development of individual students.
- Providing services and programs which are essential for access, enrollment, retention, graduation, and achievement of life goals.
- Educating the campus community regarding the multidimensional needs of students.

 not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources. Housing Services budget figures are net of internal recharges to the Colleges.

## PROJECT <br> university $\begin{gathered}\text { of california }\end{gathered}$

## Project You Can, launched by the UC President, is raising funds for student support

The University Relations Division provides coordinated communication, relationship-building, and fundraising activities to generate the support needed to advance campuswide priorities. Working closely with the campus administration, faculty and volunteers, UR has developed action plans to achieve the following primary objectives.

- Build an effective development program that increases UCSC's private gift support. - Strengthen strategic communications in support of fundraising and other campuswide priorities. - Foster enduring relationships with a broad range of constituents. - Build enduring divisional infrastructure needed to achieve these objectives.

# University Relations Profile 

2008-2009 Private Gift Over $\$ 32.3$ million
Support:

5-Year Private
Gift Support: (2004-05 to 2008-09)

Market Value of Endowment Assets: As of July 2010

- Alumni -- \$.9M

Over $\$ 138$ million

| Foundation: | $\$ 48$ million |
| :--- | :--- |
| Regents: | $\$ 53$ million |

- Other Individuals -- $\$ 3.1 \mathrm{M}$
- Corporations -- $\$ 5.4 \mathrm{M}$
- Foundations -- $\$ 10.9 \mathrm{M}$
- Other Sources -- $\$ 12.0 \mathrm{M}$

Alumni: 2010 Population: 77,600

Staff: 74 Budgeted Staff FTE
