

Provost's Advisory Council

Advisory to: Chancellor, Provost/EVC
Chaired by: Provost/EVC
Meetings: Twice monthly

Charge

The Provost's Advisory Council (PAC) advises the Provost/Executive Vice Chancellor on all areas related to campus operations, institutional growth, etc.. Areas of focus include:

- Provide a campus-wide, integrated perspective when evaluating policy recommendations, evaluating strategic choices and new initiatives/campus directions, making operational tradeoffs, and managing priorities.
- Inform central administrative planning and decision-making; help coordinate unit level planning with campus wide planning.
- Document the campus' progress in meeting articulated goals, including those goals that make up the partnership between the University and the State.
- Engage in dialog with campus leaders (Academic, Academic Senate, and Academic Support) about strategic and operational issues, such as setting priorities, managing growth and change, and understanding UC Santa Cruz' position with respect to external opportunities and constraints.

The PAC will be assisted by five key committees that will meet regularly to distill major policy issues, advise on operational issues, and through a process of education and discussion provide the necessary background material for informed deliberation within the PAC.

2000-01 Membership

- John Simpson, Provost/EVC, *chair*
