

Forum on Undergraduate Retention and Graduation Rates

Committee on Educational Policy with the VPDUE

Rates are improving...

- Most recent 1-year retention: 89%.
- Most recent 6-year grad rate: 69%
- These are the highest rates achieved since systematic tracking began in 1989.

But are below UC average...

- These rates are good compared to other research universities nationally, ...
- But they are well below the UC average.
- *We do a very good job, but we can be excellent...*
