

# The UC Santa Cruz Budget – A Bird's Eye View

Office of Planning and Budget  
2005-06 Edition

**November 2005**

We are pleased to provide you with this overview of UCSC's 2005-06 budget. This document is available on the web at: <http://planning.ucsc.edu/budget/profile2005.pdf>. It provides information on the permanent operating budget for the campus and each of its major units. In addition to budget information, it also includes recent information on degrees conferred, the majors of our students, the number of faculty budgeted in each department, student enrollments by department, and extramural awards.

A lot has transpired since the last edition of *A Bird's Eye View* and UCSC has much to be proud of. We welcomed new executive leadership with the appointment of Denice D. Denton as Chancellor and David Kliger as Campus Provost and Executive Vice Chancellor. Undergraduate applications to UCSC increased 9.1% over the last two years, the average GPA of undergraduate students admitted was 3.68, our graduate enrollments are up, and we celebrated the arrival of 19 new faculty. The McHenry Library Addition construction program has begun, which is designed to better serve library users by increasing space nearly 72 percent with the addition of approximately 81,600 assignable square feet of space; the Humanities and Social Sciences Facility Project, a three building complex located north of Cowell College is taking shape and is scheduled for completion in 2006; and the construction of the campus's Emergency Response Center has begun and will consolidate campus emergency services.

The campus completed the 3 year accreditation process with WASC (Western Association of Schools and Colleges), and just released the Draft Environmental Impact Report (EIR) to assess potential impacts related to the implementation of UCSC's Draft 2005 Long Range Development Plan (2005 LRDP). The final EIR and 2005 LRDP will be submitted to UC's Board of Regents for consideration, probably next summer. The campus is continuing to improve business and IT services through consolidation and investment in new technology. Many business functions were consolidated this fall when over 200 business service staff moved to the recently purchased facility at 2300 Delaware in Santa Cruz. IT services will be consolidated over the next several months as many departmental IT staff are reassigned to the central IT service organization. The new recruitment management system is now operational and supplies and equipment will soon be purchased via e-procurement.

After weathering several difficult budget years, during which UCSC was cut over \$25 million, the campus's 2005-06 resource plan begins to address critical needs in the academic program, while also investing in technology infrastructure in academic support programs. The 2005-06 budget aligned resources with campus priorities. It allowed us to accommodate enrollment growth and increase scholarly distinction by funding new faculty, supporting instruction and research, and increasing graduate enrollments.

UCSC's 2005-06 budget is summarized in the *Bird's Eye View*. It contains budget and institutional data for each major organization at UCSC. Those readers who are interested in learning more about how the funds are allocated, where they come from, and the campus process for developing its resource plan are encouraged to check out the *Budget Handbook*. It is available at <http://www.ucsc.edu/administration/evc>.

I hope you will visit the Planning and Budget Office on the web at: <http://planning.ucsc.edu/>. You may also contact us at [planning@ucsc.edu](mailto:planning@ucsc.edu) if you have questions, need additional information, or have suggestions for other data we should include in future updates.

Office of Planning and Budget  
Meredith Michaels, Vice Chancellor

## About The University of California, Santa Cruz

Since its inception, UCSC has been dedicated to excellence in undergraduate education, graduate studies, and research. UCSC's 2005-06 budgeted enrollment is 15,120 FTE students (three quarter average), and the campus anticipates growth to 17,215 FTE by 2010-11. Enrollment growth will be accommodated in the traditional fall-winter-spring quarters, as well as during the summer and in off-campus venues such as Education Abroad and UCDC. Currently, about 90 percent of the students are undergraduates enrolled in one or more of UCSC's 61 majors. A campus priority is to increase the proportion of graduate students to about 15% of the total enrollments within the decade.

UCSC's fall 2005 enrollment was 15,001 students (14,695 on campus and 306 students in off campus programs). This includes 13,600 undergraduates and 1,401 graduate students. The budgeted average ratio of student FTE to faculty FTE was 19.3 to 1 in 2005-06.

The UCSC main campus consists of approximately 2,000 acres of land overlooking Monterey Bay. Its 553 buildings (including residential facilities) provide approximately 5.2 million gross square feet of space. The campus has research facilities located on Monterey Bay (such as Long Marine Lab and the Monterey Bay Education Science and Technology Center) and provides instruction throughout the Monterey Bay area and in Silicon Valley via UC Santa Cruz Extension. UCSC also manages a University Affiliated Research Center (UARC) under a 5-year \$120 million contract with NASA Ames Research Center in Mountain View, California.

The campus, with more than 10,975 individuals (faculty, staff, and students) employed at some time during 2004-05 (representing an average of 1,395 full-time equivalent academic and 3,153 full-time equivalent non-academic staff) is the largest single employer in Santa Cruz County. In 2004-05, UCSC generated between \$800 million and close to \$1 billion in economic activity within Santa Cruz County. This supported approximately 12,000 jobs in the County -- 4,000 university jobs and another 8,000 jobs in the local community. In addition, UCSC faculty, staff and students contribute approximately one million hours of community service, which represents an economic value of more than \$12 million to the local economy.

## Facts and Figures

**Name:** University of California,  
Santa Cruz

**Opened:** 1965

**Chancellor:** Denice Denton

**Emphasis:** A nationally ranked research university committed to excellence in undergraduate and graduate education.

**Total number of alumni:**  
64,187

### Athletics:

NCAA Division III  
(Men's/Women's Teams unless otherwise indicated)

- Basketball
- Cross Country (w only)
- Golf (w only)
- Soccer
- Swimming & Diving
- Tennis
- Volleyball
- Water Polo

**Team Name:** Banana Slugs

### Academic Programs:

Undergraduates may pursue over 61 majors.

Graduate students pursue master's degrees, doctoral degrees, and graduate certificates in over 32 academic fields.

### Major Research Units:

- UC Observatories/Lick Observatory;
- Center for Justice, Tolerance and Community
- The Institute of Marine Sciences;
- The Santa Cruz Institute for Particle Physics;
- The Institute for Geophysics and Planetary Physics;
- Institute for Humanities Research
- The Institute for Quantitative Biomedical Research (QB3);
- The Center for Information Technology Research in the Interest of Society (CITRIS)
- Steps Institute for Innovation in Environmental Research
- Santa Cruz Center for International Economics

### Carnegie Classification:

Doctoral/Research Universities—Extensive

### Fall Admission Profile 2005:

(all figures represent the mean)

#### Freshmen:

GPA (High School): **3.68**

SAT I Verbal: **593**      SAT I Math **598**

#### Transfer Students:

Transfer GPA: **3.21**

#### Most popular undergraduate Degrees, 2004-2005:

- |                         |                           |
|-------------------------|---------------------------|
| 1. Psychology           | 9. Mol. Cell. & Dev. Bio. |
| 2. Business Mgt. Econ.  | 10. Environmental Studies |
| 3. Literature           | 11. Computer Science      |

### Annual Fees in 2005-06

#### Undergraduate fees:

##### CA Residents:

Registration Fees:	\$ 735
Educational Fee	\$ 5,406
Santa Cruz Campus	\$ 808
Health Ins. (waivable)	\$ 654
<b>Total</b>	<b>\$ 7,603</b>

##### Non Residents:

Registration Fee	\$ 735
Educational Fee	\$ 5,922
Santa Cruz Campus	\$ 808
Health Ins. (waivable)	\$ 654
Non Resident tuition	\$17,304
<b>Total:</b>	<b>\$25,423</b>

#### Graduate Fees:

Registration Fees:	\$ 735
Educational Fee	\$ 6,162
Santa Cruz Campus	\$ 728
Health Ins. (waivable)	\$ 1,812
Non resident tuition	\$14,694
Ed Fee Differential (non residents only)	\$ 267
<b>Total</b>	<b>\$24,398</b>

### A profile of UC Santa Cruz students

#### Diversity (new undergraduate students, Fall 2005)

African American:	2%	Euro-American:	45%
American Indian:	1%	Other minorities:	2%
Asian American/ Pacific Islander	29%	Not stated:	6%
Chicano/Latino:	15%		

#### Most Recent Graduation & Retention Rates:

4-year Graduation Rate	48%
6-year Graduation Rate	69%
One-year Retention Rate	89%

#### Student, Faculty & Staff Housing:

##### On Campus (2004-05 3-Qtr. average)

Undergraduate students	5,737
Graduate students:	156
Faculty	169
Staff	39

##### Off Campus (University Inn & University Town Center)

Undergraduate students	136
Graduate students	1
Staff	1

### Hometowns of New Undergraduates (Fall 2004)

San Francisco/Santa Clara Area	52%
Los Angeles Area/South Coast:	26%
Monterey Bay Area/Santa Clara Valley:	3%
East /Central California:	3%
San Diego Area:	9%
Other In State Areas:	3%
Out of State:	3.8%
Foreign:	0.2%

#### Overall enrollment facts (Fall 2005)

Headcount enrollment fall 2004:	14,695	(on-campus)
▪ 13,600 undergraduates	306	(off-campus)
▪ 1,401 graduate students		

#### Economic impact on the local economy

	Economic Activity in local economy	Jobs Supported
Total Impact	\$800 million to \$1 billion	12,000 jobs

#### Community Service:

Community Service Hours: 1,000,000 (approximate)

Economic Value to local economy: \$12 million

**UCSC'S OPERATING BUDGET 2005-06**  
**\$452.4 million**

**The Primary Expense Categories:**

Academic Salaries (Faculty, Teaching Assistants, and Librarians)	\$ 75.9
Staff Salaries and General Assistance	\$116.4
Employee Benefits	\$ 38.6
Supplies	\$141.2
Special Outlays (Financial Aid, Library Books, Utilities Extramural Research)	\$ 127.2
Less: Recharges	<u>-\$46.9</u>
	<b>\$452.4</b>

## Academic Program and Curriculum

At the undergraduate level, UCSC offers three bachelor's degrees: the Bachelor of Arts, Bachelor of Music, and Bachelor of Sciences. Within these degree programs, students may pursue over 61 majors. At the graduate level, UCSC offers two Certificates and three Master's degrees: Master of Arts, Master of Sciences, and Master of Fine Arts; and three doctoral degrees (D.M.A., Ed.D. & Ph.D.). Within these degrees the campus offers 32 academic fields.

## The 2005-06 Budget

A large component of UCSC's budget is supported by General Funds. This includes funding provided by the State in support of the university's core mission of teaching, research, and public service. It also includes funding from UC sources such as nonresident tuition, educational fees, and federal indirect cost receipts.

After weathering several difficult budget years, during which UCSC was cut over \$25M, the campus's 2005-06 resource plan began to address critical needs in the academic program, while also investing in technology infrastructure and academic support functions. The campus received funding for salary increases for eligible faculty and staff for the first time in 3 years. Staff merit increases averaged 3.5%, effective October 1, 2005. Recruitments for 31 new faculty positions were launched, and work is continuing on the recently implemented graduate admissions system and the academic information system. UCSC is moving from a self-supporting summer program to a state-supported program for UC students enrolled during the summer. State funding, at the marginal rate of funding, was provided for one-half of the summer program in 2005-06. The remaining funds are expected in 2006-07.

### Summary of cuts assigned to UCSC 2001-02 to 2005-06:

	<i>Permanent</i>	<i>One-Time</i>
<b>2005-06 Reductions:</b>		
Research and Undesignated Cuts		\$-373,000
<b>2004-05 Reductions:</b>		
Outreach Programs and UC College Prep (AP Online)	\$-1,222,000	
Enrollment reduction and Undesignated Cuts	\$-6,194,000	
Research		\$-70,000
<b>2003-04 Reductions:</b>		
Instructional Technology, Instructional Equipment, and Libraries	\$-1,336,000	
Outreach Programs and UC College Prep (AP Online)	\$-6,265,000	
Research, Public Service, and Summer Fees	\$ -879,000	
Student Services	\$-1,427,000	
Undesignated Cuts (academic and institutional support)	\$-2,628,000	
<b>2002-03 Reductions</b>	\$ -4,842,000	\$-4,928,000
<b>2001-02 Reductions</b>	\$ -254,000	\$-4,480,000
<b>Cumulative Reductions 2001-02 to 2004-05</b>	<b>\$-25,047,000</b>	<b>\$-9,851,000</b>

## The Outlook For 2006-07

The State is faced with a continuing structural budget problem. To bring some fiscal stability to the university's budget, UC, CSU, and Governor Schwarzenegger reached agreement on a funding "compact" in the spring of 2004. The compact outlines the state funding levels and institutional accountability for the two university systems over the next several years.

- **Current Year.** Despite State budget problems, the 2005-06 State Budget Act provided funds for salary and cost-of-living increases. It funded enrollment growth of 5,000 across the UC system and it supported the capital program. Fees for undergraduate and graduate students were increased 8% and 10%, respectively.
- **Budget Year 2006-07.** The 2006-07 budget proposed by the UC Regents includes modest new funding for salary and other cost increases, funding for an additional 5,000 students across the system, an 8% increase in undergraduate student fees, and a 10% increase in graduate student fees. It also requests continued state support for the development of the new UC Merced campus. The university will be accountable for meeting the enrollment objectives of the Master Plan for Higher Education, student success and efficient use of resources, preservation of faculty workload policies comparable to other universities, ensuring that students have the classes they need to graduate in a timely manner, improving the supply of math and science teachers in California's public schools, and for strengthening programs that encourage student participation in community service.

Information from the UC Office of the President can be found at: <http://www.universityofcalifornia.edu/news/budget/>.

## Highlights of UC Santa Cruz's performance in selected areas:

### Access

- Applications for 2004-05 freshmen class at UCSC increased by 0.4% compared to the 3.7% increase system-wide. The two-year increase at UCSC (from 2002-03 to 2004-05) was 9.1% compared to the system-wide average of 0.5%.
- After growing by more than 700 students a year for three consecutive years, the 2004-05 three-quarter average enrollment totaled 14,538. The campus is expected to grow to about 17,215 students by 2010-11. This reflects annual growth of about 400 students.
- The percentage of new freshman students from underrepresented ethnicities is 18.2% and 19.3% for transfer students.
- In 2005, 30.9% of new freshmen were first generation college students. Nearly a quarter (22.1%) of all new freshmen reported total annual family income of less than \$30,000.

### Educational Leadership

- The UC Regents approved the new Doctor of Education Degree (Ed.D) in Collaborative Leadership. Ten students have begun the new doctoral program offered jointly by UCSC, San Jose State University, and California State University, Monterey Bay. This degree is geared toward working professionals. The goal is to prepare K-12 educators to lead educational transformation in the culturally and linguistically diverse schools of the region that encompasses Monterey, San Benito, Santa Clara, and Santa Cruz Counties.

### Economics Department

- The Economics Department at UCSC was ranked ninth in the world in the field of International Finance in a survey of more than 300 public and private research universities. The ranking is based on the research productivity of faculty as measured by scholarly publications in 63 academic journals from 1993 to 2003. The survey results were published by econphd.net, an online resource for prospective graduate students in economics.

### Student Performance

- The most recent one-year retention rate remained very high at 89%. The most recent 4 and 6 year graduation rates were 48% and 69% respectively.
- The average time to degree for UCSC undergraduates ranges from 12.1 to 12.4 enrolled quarters, scarcely above 4 years. The vast majority of students who graduate do so in 13 or fewer quarters, and over half complete their degree in four years or less.
- According to an Association of American Universities study that looked at the number of students who went on to obtain advanced degrees, UC Santa Cruz ranked 14<sup>th</sup> out of more than 60 elite universities based on the percentage of students in all disciplines (excluding science and engineering) that went on to obtain doctorates. When science and engineering were included, UC Santa Cruz ranked 15<sup>th</sup> overall, second only to Berkeley among the UC campuses.
- In a recent survey, 42% of UC Santa Cruz undergraduates reported doing voluntary community service on a weekly basis.

## Research

- The University continues to increase its research and development dollars to help maintain high-quality programs. In 2004-05 over 788 contract and grant awards totaling more than \$100.7 million were made to UCSC faculty and researchers. This is a 10% increase over the previous year.
- With increased growth of 64% over the last five years, UCSC has experienced the greatest growth in the UC system. UCSC's grants and contracts awards have almost tripled over the last ten years.
- The single largest fund source in 2004-05 was NASA (\$26.4 million), followed by the National Science Foundation (\$20.2 million), and the National Institutes of Health (\$14.2 million).
- The top five campus units receiving awards in 2004-05 were the UARC (\$23.1 million), Institute of Marine Sciences (\$16.0 million), UCO/Lick (\$8.6 million), Chemistry (\$7.0 million) and Molecular Cell & Developmental Biology (\$6.4 million)

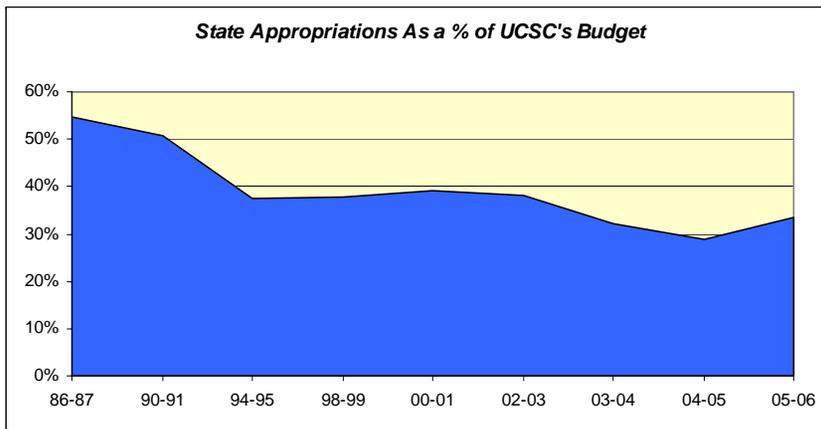

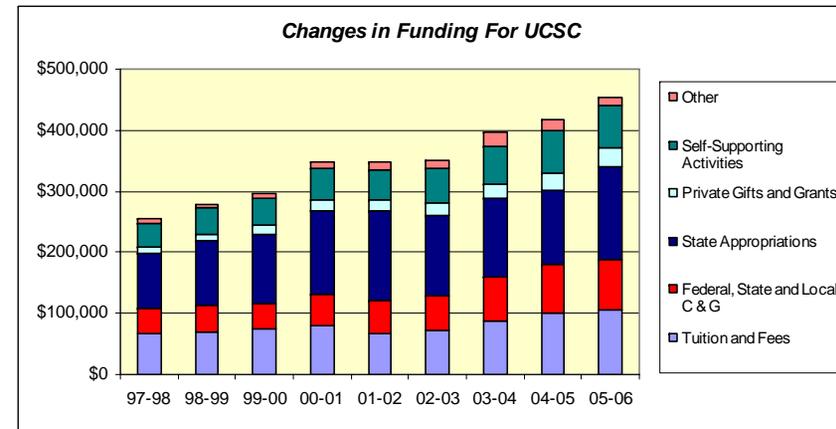

### Private Support

- UCSC has successfully secured private support totaling over \$35 million in 2004-05 and almost \$117 million in the past 5 years.
- \$2.7 million was raised last year to provide scholarships and fellowships for undergraduate and graduate students at UCSC. The announcement was made at the annual scholarships benefit dinner on November 5, 2005. This nearly triples the \$1 million announced at last year's benefit dinner.
- Nine UC Santa Cruz graduate students have received scholarships totaling \$100,000 from the Achievement Rewards for College Scientists (ARCS) Foundation for the 2005-06 academic year. The California chapter of the ARCS Foundation is the most generous provider of all private awards to the UCSC campus and has provided more than \$1 million in scholarships to 197 scholars at UCSC.
- The single largest private fund source in 2004-05 was the Gordon & Betty Moore Foundation at \$4 million.
- Friends and Support Groups include: UCSC Affiliates, UCSC Women's Club, UCSC Arboretum Associates, UCSC Lifelong Learners, Friends of the UCSC Farm and Garden, Friends of the UCSC Library, Friends of the UCSC Long Marine Laboratory, Friends of Shakespeare SC, and Friends of the Dickens Project.

## TRENDS

### Funding Sources

The major revenue streams at UC Santa Cruz include State funds, student tuition and fees, income from self-supporting activities, such as housing and the bookstore, funding from private sources, and federal and state government contracts and grants. Over the past decade, there have been significant changes in the composition of UCSC's budget. The chart at the right shows the changes over the past several years.

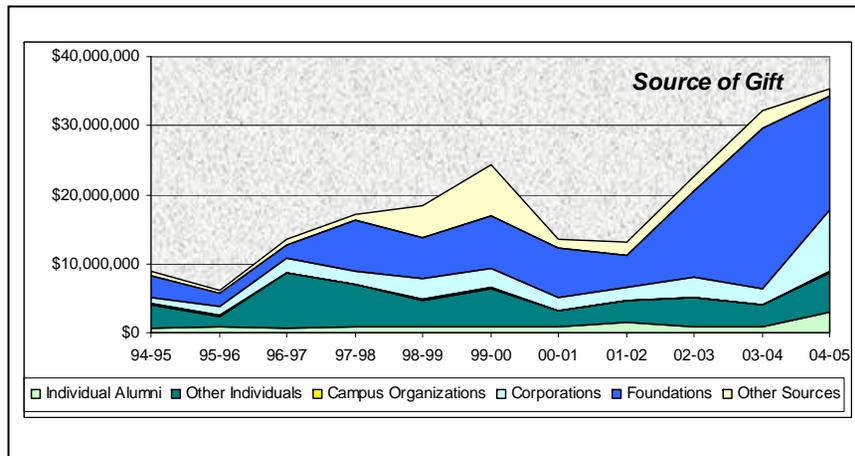

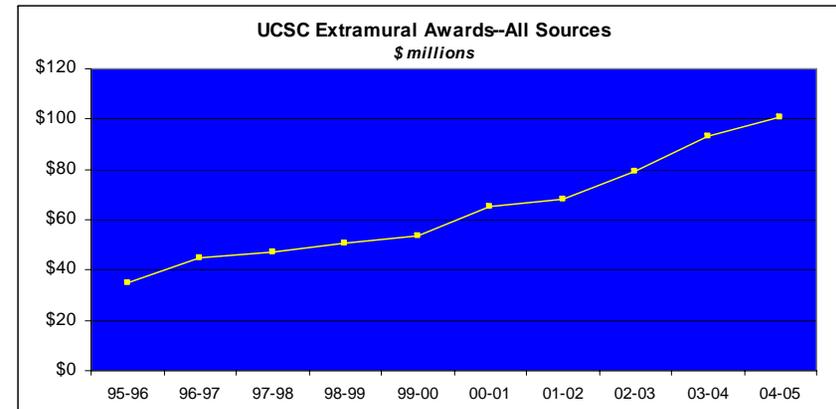

In 1981, the State provided close to 60 percent of UCSC's funding. In 2005-06, State support represents about one-third of the campus's budget reflecting increases in extramurally funded research and auxiliary enterprises, such as Student Housing, as well as state funding received for enrollment growth and inflationary costs.

Looking ahead, UC and UCSC anticipate the university will receive modest new funding from the state, based on the provisions of the compact between the Governor and the University.

### Contracts and Grants

Grant and contract awards totaled over \$100.7 million in 2004-05. Over 82% was from federal sources. The second largest fund source was private foundations, followed by the State of California. The single largest federal fund source was NASA (\$26.4M), followed by the National Science Foundation (\$20.2M) and the National Institutes of Health (\$14.2M). The single largest private fund source was the Gordon and Betty Moore Foundation (\$4M).

For the second year in a row, the top five campus units receiving awards were the UARC (\$23.1M), Institute of Marine Sciences (\$16M), UCO/Lick Observatory (\$8.6M), Chemistry (\$7M), and Molecular Cell & Developmental Biology (\$6.4M).

### Gifts and Funding From Private Sources

Gifts and private grants are received from alumni and other friends of the University, campus-related organizations, corporations, foundations, and other nonprofit entities. Private grants are received from for-profit and other organizations.<sup>1</sup>

UCSC continues to aggressively seek and develop non-State revenue sources as part of its ambitious capital campaign. UCSC's funding from private sources has increased dramatically over the past 10 years.

<sup>1</sup> The annual UC report on giving is available at: <http://www.ucop.edu/uer/instdv/annual/2004.pdf>.

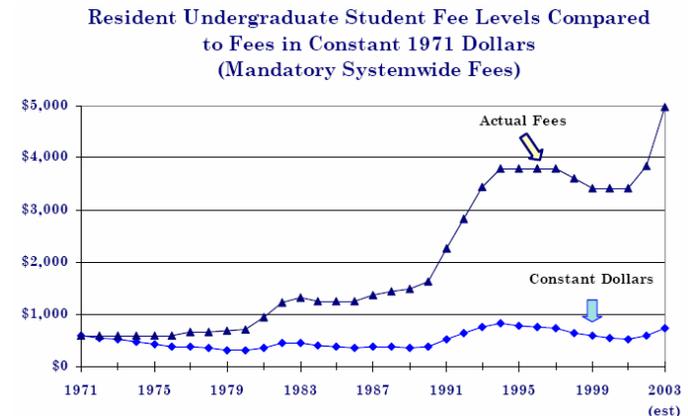

**Student Fees**

Students at the University of California pay two mandatory systemwide fees: the Educational Fee and the University Registration Fee. Income from these two fees is used to support student financial aid, student service programs, and a portion of the University’s operating costs, including instruction related-costs.

Nonresident students must pay nonresident tuition. In addition, UCSC has several campus-based fees.

From 1995-96 to 2001-02, the State provided additional funding to UC to avoid increases in the Educational Fee or the Registration Fee. The State also provided funding to reduce mandatory UC fees by 10% for resident undergraduate students and 5% for resident graduate students.

When the State’s fiscal condition worsened in 2003-04, and additional cuts were assigned to UC, The Regents offset a portion of the cuts that would have been targeted to the instructional program by increasing mandatory undergraduate fees, graduate fees, and nonresident tuition.

Source: 2004-05 Regents Budget for Current Operations, November 2003

The fee levels for 2005-06 are shown below.

<b>Undergraduate Student Fees</b>	<b>Annual</b>
University Registration Fee	\$ 735
Educational Fee	5,406
Campus Fees	808
Health Insurance (waivable)	654
<b>Total California Resident</b>	<b>\$ 7,603</b>
Nonresident Tuition Fee	\$ 17,304
Ed Fee Differential	516
<b>Total Nonresident</b>	<b>\$ 25,423</b>

<b>Graduate Student Fees</b>	<b>Annual</b>
University Registration Fee	\$ 735
Educational Fee	6,162
Campus Fees	728
Graduate Health Ins. Fee (waivable)	1,812
<b>Total California Resident</b>	<b>\$ 9,437</b>
Nonresident Tuition Fee	14,694
Ed Fee Differential	267
<b>Total Nonresident</b>	<b>\$ 24,398</b>

## Distribution of Registration and Measure 7 Fees

Registration Fees are allocated to support student service programs that are necessary to students, but not part of the University's programs of instruction, research, or public service. Included in these services are activities such as counseling, academic advising, tutorial assistance, cultural and recreation programs, and capital improvements that provide extracurricular benefits for students.

Measure 7 is a mandatory student fee that went into effect Fall 2003. This fee is the result of a referendum that was placed on the ballot by students in Spring 2003 to help preserve the existing variety and quality of student programs that were threatened by a state imposed cut. This referendum, Measure 7, was voted on by both undergraduate and graduate students. It was approved overwhelmingly with 91% of the vote, in an election that had the highest turnout in campus history. The \$1.87 million cut that was imposed on the student service budget in 2003-04 was offset by the income that resulted from passage of Measure 7. Units that were traditionally funded by Registration Fees are now supported by Measure 7 funds and some student service programs that were formerly supported by state funds are now budgeted on Registration Fees. This change in funding released \$1.87 million in state funds to pay for the permanent student services budget cut.

The Student Fee Advisory Committee (student members represent a majority of the membership) provides advice on the allocation of Registration and Measure 7 Fees.

### The Student Fee Advisory Committee (SFAC) 2005-06

Reports to and advises the Chancellor, the Vice Chancellor of Student Affairs and the Executive Vice Chancellor on programs and services funded by student fees.

#### Committee Charge:

The purpose and objectives of the Student Fee Advisory Committee shall be as follows:

1. To assist the Chancellor in regular efforts to ascertain attitudes of the student body on matters pertaining to the Registration Fee and Educational Fee.
2. To provide a continuing study of programs supported by Registration Fees and selected programs supported by Educational Fees, and to recommend funding priorities to the Chancellor.
3. To advise the Chancellor on other questions which the Chancellor may pose regarding campus based student services programs.

#### Membership:

- Ten undergraduate candidates are recommended by the Student Committee on Committees (SCOC).
- One graduate student is recommended by the Graduate Student Association (GSA).
- One (non-voting) representative of the Vice Chancellor Student Affairs.
- One at-large administrative representative nominated by the Staff Council.
- One member of the faculty nominated by the Council of Provosts.
- One (non-voting) representative from Planning and Budget

## UC SANTA CRUZ CAMPUS DIVISIONAL BUDGET SUMMARY

### Registration & Measure 7 Student Programs Fees

NOTE: Figures include budgeted funds from student Registraion Fees and Measure 7 Student Programs Fees only. The budget figures do not include one-time funding sources.

### Housing

Housing for UCSC students, faculty and staff remains a priority for the campus.

The campus has a range of housing options for students – including residence halls with common dining facilities, apartments with kitchens, family student housing, and campus operated housing located off-campus.

Student Bedspaces 1996-97 to 2005-06

### Faculty

UCSC currently has 782 budgeted faculty FTE<sup>1</sup>. New positions are historically tied to enrollment growth, and are created at the rate of 1 faculty FTE for every additional 18.7 students. By policy, UC is required to hold at least 10% of its budgeted faculty FTE in non-permanent appointments.

UCSC faculty has a record of excellence in teaching, scholarship, and research. The campus is ranked in the top 20% of all public universities, 1<sup>st</sup> for space science research, 1<sup>st</sup> for physics research, and 2<sup>nd</sup> most influential physical sciences research.

Excellence in Teaching Awards for 2004-05. From left, award winners Julie Tannenbaum, Susana Terrell, Radhika Mongia, Paul Ortiz, and Jerome Neu are joined by Committee on Teaching Chair Charles McDowell and Chancellor Denton.

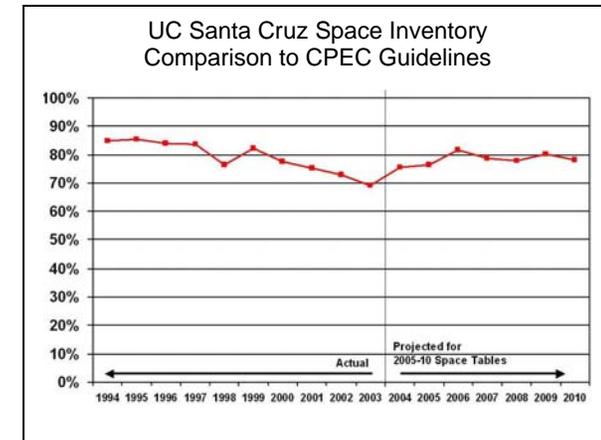

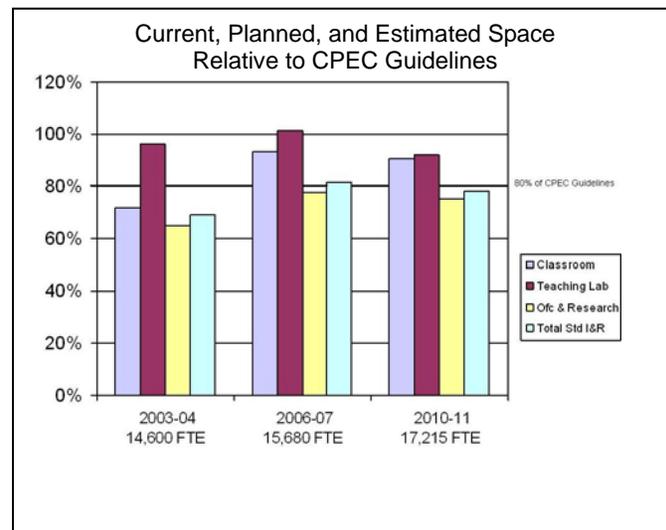

<sup>1</sup> Of the campus's 782 budgeted faculty FTE, 28 are in a reserve for budget cuts.

## State Capital Improvement Program

To sustain progress in achieving its mission, the campus must address a number of capital program issues. Accordingly, priorities for the State capital improvement budget must continue to consider projects for:

**Instruction and Research:** As programs evolved, especially over the past twenty years, a shortage of space developed in virtually all campus programs. Recent projects have addressed many of those needs, but space shortages and limited flexibility remain, particularly in the sciences and engineering programs.

According to the guidelines used by the California Postsecondary Education Commission (CPEC) the campus will, upon completion of the Physical Sciences Building, the Engineering Building, the Humanities Building, the Digital Arts Facility, and the McHenry Library project, be at approximately 78 percent of CPEC guidelines in 2010.

The President of the University has committed to bring, through allocation of State capital funds, each campus up to at least 80% of the CPEC guidelines. A close look reveals that the primary challenge facing the campus is the provision of academic offices and research space.

**Renewal of existing facilities and infrastructure:** The campus is 40 years old. The urgent need for renewal of existing facilities and infrastructure in response to changing academic programs, new health and safety requirements, declining conditions, and obsolescence will have a strong influence on campus capital planning. Improvements are required not only for buildings, but also for the campus fire alarm, sewer, communications, water (cooling, heating, fire protection, and domestic), electrical, natural gas, and drainage systems.

**Circulation infrastructure:** The LRDP and subsequent planning efforts have made clear that the development of an adequate University campus circulation infrastructure is essential. The Santa Cruz campus occupies 2,000 acres, with the developed central campus (consisting of the colleges and most of the academic buildings) comprising about 400 acres. The hillside setting of the campus—with a 900-foot change in elevation—is challenging. At no other UC campus is the topography so pronounced: the changes in elevation, many ravines, and dense trees create the need for a coordinated system of pedestrian and automobile bridges, roads, and pathways to provide more direct and efficient routes throughout the campus. This network remains incomplete and is further strained under the weight of expanded enrollment.

For nearly two decades the campus has relied primarily on the use of State general obligation bonds and State lease-revenue bonds to support its enrollment-related (sometimes called *capacity*) capital needs. Even with this funding, however, there is a funding gap and the campus has committed itself to a series of strategies, including the more efficient use of space, reducing the cost of construction, and raising private funds, to help mitigate this gap.

**Five-Year State Capital Program:** The Santa Cruz campus annually prepares a five-year capital program based both on a practical assessment of facility needs and on a realistic expectation of the amount of capital funding expected from the State. Projects proposed for State funding in the campus's current five-year program are based on detailed planning and pre-design analysis that typically starts two or even three years before the initial State funds are available.

The chart on the next page reflects the proposed 2006-2011 State-funded capital improvement program.

**Non-State Capital Improvement Program:** In addition to core instruction and research and academic support facilities funded through the State capital program, the campus requires new facilities that support organized research activities, student activities and housing, infrastructure, administration, and supporting facilities for the arts, including a concert hall and an art gallery. In line with these needs, the five-year non-State-funded capital program includes projects that support research, improve infrastructure, provide seismic corrections, and improve health services; two parking projects; a child care center; and several housing projects that would either be financed by debt or constructed by a third-party developer.

Proposed 2006-2011 State-funded Capital Improvement Program  
Santa Cruz Campus

NOTE: Figures include budgeted funds from the following sources: General Funds, Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

The Budget Profiles were prepared to provide a better understanding of UCSC's budget and the operating budgets of the academic and academic support divisions and departments. Some areas of the campus are funded primarily with general funds. Other areas are supported with student fees, and some areas are largely self-supporting or supported by recharge income.

***A note about recharge income:*** Because recharge income does not add to the total budget of the campus, uniform accounting procedures require the campus to budget recharge income as an offset to expenses. Recharge income does, however, provide a source of income for those units that offer services on a recharge basis. The two permanent budget summary reports described below show the budget *net* of recharge income. The multi-year report shows the budget *with* recharge income.

The budget data provided in the profiles is presented in three views, as follows:

- ***2005-06 Permanent Budget Summary By Major Unit:*** This view summarizes the 2005-06 permanent budget by Major Unit. This report lists the major units within the division, and summarizes the budget by major expenditure category (e.g., salaries, supplies, equipment, employee benefits, and recharge income).
- ***2005-06 Permanent Budget Summary By Major Fund Source:*** This view lists the funding sources that are permanently budgeted in the division, and indicates the amounts budgeted for each major expenditure category (e.g., salaries, supplies, equipment, employee benefits, and recharge income).
- ***UC Santa Cruz Campus Divisional Budget Summary:*** This view looks at the permanent budget, as of July 1, for the past 4 years. The total permanent budget is listed by major department in the division.

The total budget in the 2005-06 Permanent Budget view does not always have the same budget figure shown in the multi-year divisional budget summary. This is because of recharge income. For those units or divisions with recharge income, one report deducts the recharge income from the total budget. The other view of the budget includes the recharge income in the total budget.

The following example illustrates the difference.

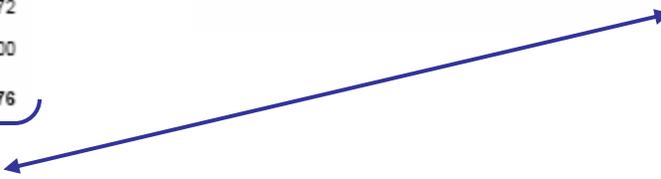

**2005-06 Permanent Budget Summary**

Library		
	Recharge Income	TOTAL
<b>2005-2006 Permanent Budget</b>		
General Funds	(7,200)	10,308,820
Special State Approp	0	1,710
UOF/OTT	0	22,374
Gifts & Endowments	0	18,872
Self Supporting	(4,500)	6,100
<b>TOTAL</b>	<b>(11,700)</b>	<b>10,357,676</b>

**UC Santa Cruz Divisional Budget Summary**

Library	2005 - 2006		
	Budget	Acad FTE	Staff FTE
Library Media Resources	100,920	--	2.75
Lib Regional History Project	16,230	--	--
University Library	10,252,226	33.00	80.58
<b>DIVISIONAL TOTALS</b>	<b>10,369,376</b>	<b>33.00</b>	<b>83.33</b>

**\$10,369,376**

The first report delineates the amount of recharge income the unit anticipates generating, while the second report includes the recharge income to give a more accurate depiction of the overall permanent budget.

## BUDGET PROFILES DEFINITION OF TERMS

### PRIMARY SOURCE DOCUMENTS

***Financial Managers Workbench (FMW)—UCSC's Budget and Staffing System*** - This is an annual record system of all permanently budgeted funds on this campus. Information provided includes the number of permanently budgeted positions, and monies permanently budgeted for salaries, supplies, and benefits within each organization and fund. It also displays the permanently budgeted allocations for academic and staff positions, both filled and unfilled.

***Course Audits*** - This is an annual record system of *permanent* faculty instructional workload and course offerings. The reports are organized by course offering unit within each division. Information provided includes for each faculty member a listing of courses taught, enrollments in those courses and independent studies, and a calculation of courseload. An aggregate course and enrollment load figure is calculated by unit for all associated faculty, and by division, and historical summaries are provided. A count of all courses offered (regardless of whether taught by permanent faculty) is also included.

***Instructional Load Summary*** - This is a five year historical record system of instructional workload indicators. The reports are organized by academic unit within each division. It includes the number of undergraduate and graduate majors, enrollment workload FTE, degrees conferred, permanently budgeted faculty, payroll faculty, and weighted and unweighted student/faculty FTE ratios.

## BUDGET SUMMARY CATEGORIES

**Source of All Budget Information:** *FMW—Financial Managers Workbench*

**Budget** - Refers to permanently budgeted activities in the specified fiscal year (July 1 to June 30) and does not include temporary (non-recurring) allocations or extramural contract and grant activity.

**FTE** - Full Time Equivalent. One FTE is one job at 100% time. An FTE is also a provision so that, theoretically, there could be 10 persons at 10% time to fill one FTE. In this context, FTE Total is the number of budgeted FTE provisions in a unit, whether or not an individual has actually been hired to fill the slot.

**Academic FTE** - Includes permanently budgeted ladder faculty, as well as personnel with academic appointments in non-ladder faculty titles such as researchers, librarians, teaching assistants, and University Extension Continuing Education Specialists. This category includes both filled and unfilled FTE.

**Staff FTE** - Includes permanently budgeted staff positions (non-academic titles), including both filled and unfilled FTE.

**Academic Salaries** - Includes permanently budgeted funding for academic FTE positions.

**Staff Salaries** - Includes permanently budgeted funding for staff positions (non-academic titles).

**General Assistance** - Includes permanently budgeted funding for temporary staff and student employees.

**Supplies and Materials** - Includes all non-salary permanently budgeted funds; includes funding for supplies.

**Equipment and Capital Expenditures** – Includes non-salary permanently budgeted funds for equipment and inventorial items.

**Retirement and Employee Benefits** – Includes funds for health, dental, vision, and other benefits paid by the employer.

**Recharge Income** – Estimated income from services provided to other campus units on a fee-for-service basis.

## SOURCE OF FUNDS

**Source for all Permanent Budget Information:** *FMW—Financial Managers Workbench*

**Auxiliary Enterprise**— Non-instructional support services provided primarily to students in return for specified charges. Services include residence and dining services, parking, and the bookstore. No State funds are provided for auxiliary enterprises. Budget increases are matched by corresponding increases in revenues.

**General Funds** - Includes State Fund allocations, Educational Fees, general fund income from UC sources such as nonresident tuition, and the general fund portion of federal indirect cost receipts.

**Gift and Endowments** – Gift and endowment income is usually designated for specific activities or programs. Endowment income is based on annual earnings of the endowment principal. Gift income is a source of one-time funds received from private donations.

**OTT/UOF** - Off the Top Overhead (OTT) and University Opportunity Funds (UOF) derived from overhead charges to federal contract and grant activities.

**Other Fees** - Other fees include Santa Cruz campus fees which were approved by student referendum. These fees are usually designated to fund services required by students which are not part of the University's program of instruction, research, or public service.

**Registration Fees** - Designated to fund services required by students which are not part of the University's programs of instruction, research, or public service. Included in these services are activities such as counseling, academic advising, tutorial assistance, cultural and recreational programs, and capital improvements which provide extracurricular benefits for students.

**Self-Supporting** - Income derived from charging other units for services.

**Special State Appropriation** – Funding received from the state for special activities (generally specific research programs) or from special funding sources, such as the lottery fund.

## DESCRIPTIVE INFORMATION

**Academic vs. Non-Academic University Personnel:** Academic personnel include academic administrators, regular teaching faculty, lecturers and other teaching faculty, student assistants, researchers, librarians, cooperative extension researchers, university extension faculty, and other academic personnel. Non-academic personnel include senior management (SMG), management and senior professionals (MSP), and professionals and support staff (PSS).

**Source:** *University of California Statistical Summary of Students and Staff*

**Budgeted Faculty FTE by Department:** Represents distribution of filled faculty positions and dollars allocated for instruction. Totals are constrained to match the level of budgeted faculty FTE allocated to UCSC by the University California Office of the President. Within this context, *Permanent faculty* represent positions filled by ladder faculty and security of employment lecturers. *Temporary faculty* represent dollars converted to FTE based on the distribution of temporary academic staffing funds and unfilled provisions.

**Source:** *Instructional Load Summary*

**Courses Taught per Permanent Faculty FTE:** Average number of 5-unit courses taught by permanent faculty for each program. Courses less than five units are counted proportionately. All courses are credited to the faculty member's affiliated board, regardless of which board sponsored the course. For example, Marine Sciences receives credit for any Biology courses taught by Marine Science faculty.

**Source:** *Course Audits*

**Declared and Proposed Majors** - Students who have declared or proposed a major in a discipline. Double and triple majors count proportional in each discipline (e.g., double majors count as 0.5 in each major).

**Source:** *Instructional Load Summary*

**Degrees Conferred-** Number of students receiving degrees in that discipline during the year (Fall, Winter, Spring, and Summer quarters). Students receiving degrees in more than one major count proportional in each (e.g., double majors count as 0.5 in each major).

**Source:** *Instructional Load Summary*

**Extramural Awards** - Contract and grant awards to faculty and student research.

**Source:** *Sponsored Projects Office Annual Reports*

**Regular Student Enrollment per Ladder Faculty FTE** – The number of students enrolled in regular courses per ladder faculty FTE. The number shown by department represents the average enrollments per faculty FTE for that department.

**Source:** *Course Audits.*

**Student Workload FTE** - Student workload FTE is calculated based on student credit hours (units) for each course, times enrollments, divided by a full time student annual courseload. A full time undergraduate student courseload is 45 units, while a full-time graduate student (not yet advanced to candidacy) courseload is 36 units. Graduate students advanced to candidacy are considered full-time based on quarters in which they are registered, and not the courseload, so three quarters of enrollment is equivalent to a full-time student. All regular course and independent study enrollments taught by permanent faculty plus all enrollments taught by temporary faculty are included in the calculation of student courseload.

**Source:** *Instructional Load Summary*

**Internet broadcast last spring to audiences at UCSC's Experimental Theatre and New York University's Frederick Lowe Theater.**

The **Division of the Arts** offers technical training, aesthetic development, and historical, theoretical, and critical studies in art, art history, dance, design/technology, drama, film/video, and music to all undergraduates as well as to undergraduate majors and graduate students.

The mission of the arts in education derives from their special modes of thinking and contributions to human experience and achievement. Often transcending verbal and mathematical conventions, the arts involve unique ways of knowing, understanding, expressing, communicating, and creating.

## Division of Arts Profile

**2003-04 Majors:** 1,509 Head Count UG majors  
26 Head Count graduate majors

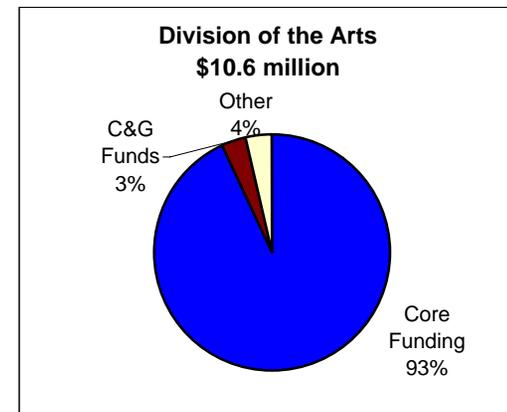

**2004-05 Number of Degrees Awarded:** 319.3 BA/BS  
10 MA/MS & Certificates  
0 PhD

**2005-06 Teaching and research staff:** 85.2 Budgeted Faculty FTE  
32.48 Budgeted Teaching Assistant FTE  
2 Postdoctoral Headcount Appt  
48.28 Budgeted Staff FTE

### 2005-06 Funding:

**General Funds \$9.8M**  
**Other Funds \$.4M**  
**Perm. Budget \$10.2M**

**C&G Funds \$.4M**  
**Total Funding \$10.6M**

NOTE: Figures include budgeted funds from the following sources: General & Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

**Electrical Engineering Associate Professor and graduate student in one of the TEC labs where researchers use sophisticated equipment to evaluate materials that convert heat to electricity.**

The mission of the **Jack Baskin School of Engineering** at UC Santa Cruz is to develop and sustain first-rate education and research programs that integrate the fundamental principles and sound practice of science and engineering. The School strives to serve the needs of the greater Silicon Valley region and the State of California by creating and disseminating knowledge through research and teaching, and by offering curricula that nurture creative thinking and prepare students for productive careers at industrial and academic settings in rapidly evolving areas of science and engineering.

## Jack Baskin School of Engineering Profile

**2003-04 Majors:** 867 Head Count UG majors  
233 Head Count graduate majors

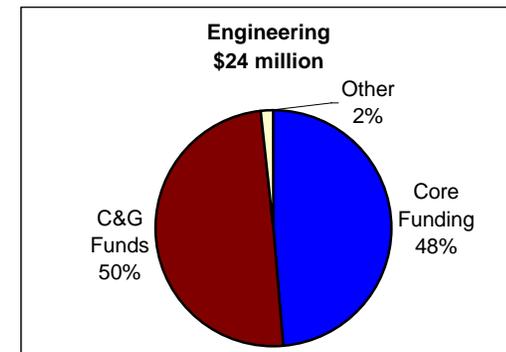

**2004-05 Number of Degrees Awarded:** 178.5 BA/BS  
45 MA/MS & Certificates  
15 PhD

**2005-06 Teaching and research staff:** 80.2 Budgeted Faculty FTE  
20.37 Budgeted Teaching Assistant FTE  
12 Postdoctoral Headcount Appt  
40.98 Budgeted Staff FTE

### 2005-06 Funding:

**General Funds \$11.6M**  
**Other Funds \$.4M**  
**Perm. Budget \$12.0M**

**C&G Funds \$12.0M**  
**Total Funding \$24.0M**

<b>DIVISIONAL TOTALS</b>	<b>9,828,730</b>	<b>85.29</b>	<b>43.73</b>	<b>10,932,049</b>	<b>95.91</b>	<b>43.98</b>	<b>11,387,922</b>	<b>96.57</b>	<b>44.73</b>	<b>12,001,474</b>	<b>100.57</b>	<b>40.98</b>

NOTE: Figures include budgeted funds from the following sources: General & Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

**A Seminar in the Humanities Division**

In the **Division of Humanities**, faculty and students seek to answer the fundamental question: What does it mean to be human? By awakening a sense of what it might be like to be someone else or to live in another time or culture, the humanities tell us about ourselves, stretch our imagination, and enrich our experience. The humanities are vital to our self-awareness, our culture, and our vision of the future.

Nine departments and programs constitute the humanities at UCSC -- many of which are interdisciplinary. All programs provide opportunities for undergraduates to be directly involved in research.

## Division of Humanities Profile

**2003-04 Majors:** 1,822 Head Count UG majors  
210 Head Count graduate majors

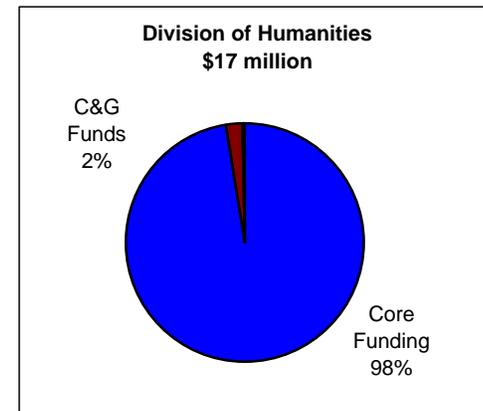

**2004-05 Number of Degrees Awarded:** 589 BA/BS  
21 MA/MS & Certificates  
18 PhD

**2005-06 Teaching and research staff:** 155.3 Budgeted Faculty FTE  
67.71 Budgeted Teaching Assistant FTE  
8 Postdoctoral Headcount Appt  
41.25 Budgeted Staff FTE

### 2005-06 Funding:

**General Funds \$16.6M**  
**Other Funds \$0.06M**  
**Perm. Budget \$16.6M**

**C&G Funds \$0.4M**  
**Total Funding \$17.0M**

## **DIVISION OF THE HUMANITIES**

NOTE: Figures include budgeted funds from the following sources: General & Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

**The Center for Ocean Health will serve as a focal point for scientific research, education, and policy programs in the general area of Ocean Health.**

**In the Division of Physical and Biological Sciences**, scientists are redefining our understanding of the world in which we live—working to meet, in the words of the UC Regents, “the societal and community needs of the State of California, and its people, and the health and well-being of all mankind.” UCSC provides a stimulating research environment for undergraduate, graduate and postdoctoral students, giving every student access to inquiry-based learning opportunities, ranging from laboratory and field studies courses to senior thesis options. Faculty and staff contribute time and expertise to programs that provide academic support to students and engage in education outreach programs that encourage greater participation the sciences and help prepare students to succeed at UCSC.

## Division of Physical and Biological Sciences Profile

**2003-04 Majors:** 2,060 Head Count UG majors  
427 Head Count graduate majors

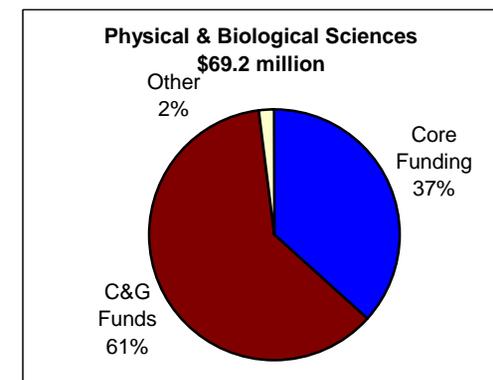

**2004-05 Number of Degrees Awarded:** 478.3 BA/BS  
51 MA/MS & Certificates  
41 PhD

**2005-06 Teaching and research staff:** 165.3 Budgeted Faculty FTE  
88.7 Budgeted Teaching Assistant FTE  
129 Postdoctoral Headcount Appt  
129.77 Budgeted Staff FTE

### 2005-06 Funding:

**General Funds** \$25.3M  
**Other Funds** \$1.6M  
**Perm. Budget** \$26.9M

**C&G Funds** \$42.3M  
**Total Funding** \$69.2M

NOTE: Figures include budgeted funds from the following sources: General & Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

**Construction of the \$29 million Humanities and Social Sciences Building began in summer 2004 and will continue through summer of 2006.**

The focus of the **Division of Social Sciences** is the study of human relationships and society. As global economic and political changes transform the world, social scientists are tackling some of society's most stubborn challenges, from racism, environmental degradation, and economic inequity to the opportunities of educational reform, globalization, and new technologies.

Students are offered a comprehensive and rigorous education that prepares them for productive careers and further academic pursuits.

## Division of Social Sciences Profile

**2003-04 Majors:** 4,418 Head Count UG majors  
391 Head Count graduate majors

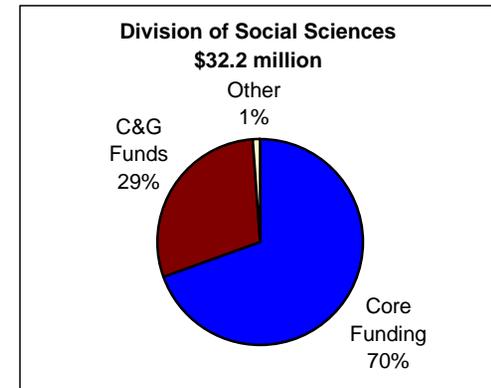

**2004-05 Number of Degrees Awarded** 1,398 BA/BS  
155 MA/MS & Certificates  
31 PhD

**2005-06 Teaching and research staff:** 194.2 Budgeted Faculty FTE  
72.48 Budgeted Teaching Assistant FTE  
10 Postdoctoral Headcount Appt  
74.84 Budgeted Staff FTE

**2005-06 Funding:**

**General Funds \$22.3M**  
**Other Funds \$4M**  
**Perm. Budget \$22.7M**

**C&G Funds \$9.5M**  
**Total Funding \$32.2M**

The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

**This drawing from BOORA Architects Inc. shows the view of the completed library project from the southwest. The McHenry Library Addition and Renovation Project began this fall.**

University Library Mission Statement:

In concert with UCSC's mission to create and disseminate knowledge through education, research, and service, the **University Library** provides access to and delivery of information resources by:

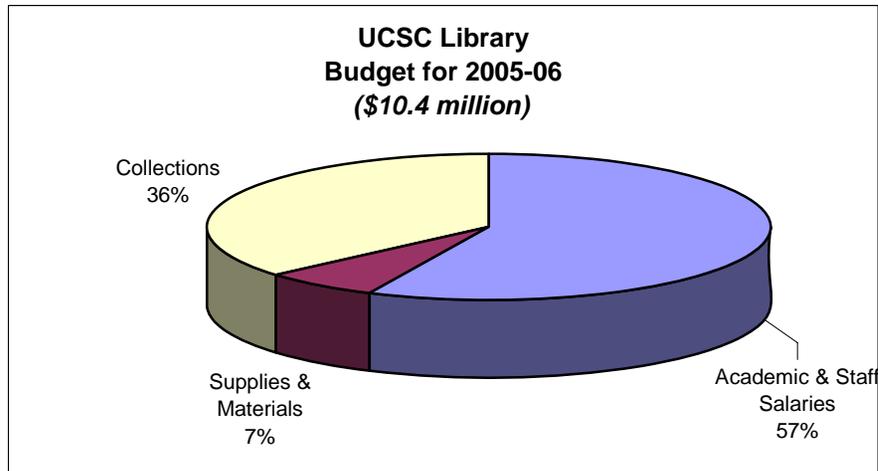

- developing, organizing, preserving, and securing its collections
- providing public service, instruction, and outreach to the UCSC academic community and beyond
- forging effective partnerships with the campus community and other institutions and organizations
- encouraging innovative and skilled staff to capitalize on new and evolving advancements in information technology.

## UCSC Library Profile

**2004 (June 2004) Library Collection:** 1.46 million volumes  
 22,646 serials and periodical titles  
 841,753 microforms  
 636,493 non-print items (maps, slides, audio, video recordings, Computer files, Government Documents, Microfilm reels and other materials)  
 1,788 manuscripts  
 686 other archival materials

**Library staff:** 33 Academic FTE  
 83.33 Budgeted Staff FTE  
 207 Student Employees

## UCSC Library

The UCSC Library, founded in 1965, is both the smallest general library in the University of California System and the largest research library between Stanford and Santa Barbara.

UCSC's University Library collection is divided into two parts. Resources in the humanities, arts, and social sciences are located in McHenry Library, and the science collection is housed in the Science & Engineering Library building on "science hill."

### The University Library

- Part of the statewide University of California library system.
- Gateway to books and periodicals on other UC campuses through the interlibrary loan program, as well as the California Digital Library.
- The McHenry Library Addition and Renovation Project, scheduled for completion in 2009, will provide the campus with an outstanding, architecturally designed building in a setting of terraced reading gardens, redwoods, and cherry trees. Ten years in the planning, the new library will house a growing collection of print and electronic materials in the humanities, social sciences, the arts and special collections. A state of the art technological infrastructure will give students and faculty access to electronic resources and services that meet the needs of research in the 21<sup>st</sup> century.

**UCO/Lick Observatory (Mount Hamilton)**

Three Multi-Campus Research Units (MRU's) are affiliated with the Santa Cruz campus. They are: UC Observatory (which includes the W. M. Keck Observatory and Lick Observatory), the Institute for Geophysics and Planetary Physics (IGPP), and the Chicano/Latino Research Center. These multi-campus research units serve faculty and researchers throughout the UC system.

**2005-06 Funding:**

**General Funds \$5.9M**  
**Other Funds \$0.8M**  
**Perm. Budget \$6.7M**

**C&G Funds \$8.6M**  
**Total Funding \$15.3M**

## Multi Campus Research Units Profile

### UC Observatory

The University of California Observatories (UCO) is a Multi-Campus Research Unit of the University of California, with headquarters at the UC Santa Cruz campus. UCO operates on behalf of the astronomers at all ten UC campuses and is comprised of extensive technical facilities, a business office, telescope and support facilities at the Lick Observatory on Mt Hamilton and a staff of astronomers. Its main activities are: 1) to coordinate UC research in optical and infrared astronomy, 2) provide the UC scientific and administrative interface to the Keck Observatory in Mauna Kea, HI, 3) maintain and operate the Lick Observatory on Mount Hamilton, 4) design and build state-of-the-art optics, detectors, instrumentation, and software systems, 5) support graduate and undergraduate teaching and postdoctoral training, and 6) contribute public outreach and education opportunities.

### 2005-06 Teaching and research staff

Budgeted Research and Academic FTE: 21.20  
 Budgeted Staff FTE: 53.07  
 Postdoctoral Headcount: 21

### Institute for Geophysics and Planetary Physics (IGPP)

The UCSC branch of IGPP was established in 1999-00. IGPP dates back to 1946 when the founding branch was established at UCLA. The IGP mission is to promote and coordinate basic research on the understanding of the origin, structure, and evolution of the Earth, the Solar System, and the Universe, and on the prediction of future changes, as they affect human life.

### The Chicano/Latino Research Center

The Chicano/Latino Research Center (CLRC), established in 1992, continues to be the primary institution supporting research on Latina/o and Latin American issues at UC Santa Cruz.

**GET READY FOR SUMMER SESSION 2006!**  
**Session One: June 26 to July 28, 2006**  
**Session Two: July 31 to September 1, 2006**

**University Extension** provides a wide range of high-quality continuing education programs for professional development and personal growth. Through UCSC Extension, the scholars, research facilities, and resources of the University of California are linked with the people, businesses, and communities of the state to help meet educational, economic, and social needs.

**The UCSC Summer Session Program** is committed to providing educational opportunities for students to accelerate or complete their goals.

UCSC Extension and Summer Session are self-supporting programs. Both offer courses for degree credit.

## University Extension and Summer Session Profile

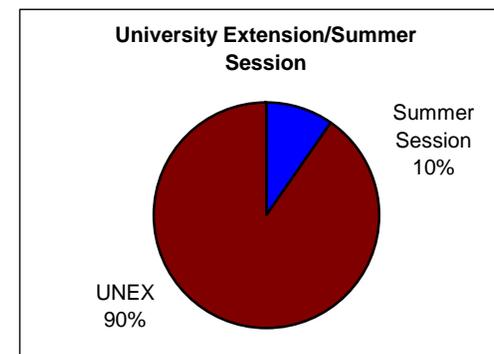

**Student Enrollments:** UCSC Extension: 22,000 students annually.  
 Summer Session: 3,460 headcount students estimated during summer 2005.

**Summer Session Staff:** 3.01 Budgeted Staff FTE

**UNEX Staff:** 7.75 Academic FTE  
 61.40 Budgeted Staff FTE

**2005-06 Funding:**

**Summer Session \$1.5M**  
**UNEX \$13.6M**  
**Perm. Budget \$15.1M**

NOTE: Figures include budgeted funds from the following sources: General & Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources, except selected on-going allocations (supplemental teaching assistants, instructional workload fund, etc.).

**A UCSC firefighter is shown rappelling down the side of the UCSC Interdisciplinary Sciences Building, which was the site of several coordinated training exercises by campus firefighters and the Santa Cruz Fire Department.**

The **Business and Administrative Services division** consists of twelve major units that are organized into four thematic clusters:

- Business Services
- Internal Control
- Physical Environment
- Safety Services

## Business and Administrative Services Profile

**Mission Statement:** Business and Administrative Services (BAS) units provide and maintain the administrative and physical infrastructure supporting the research, teaching, and service mission of the campus. From providing police, fire, and environmental health and safety services, to overseeing the campus financial and staff human resources and payroll process, BAS units are engaged in aligning administrative services with academic priorities, reducing risk, and maintaining the extraordinary physical environment of the campus.

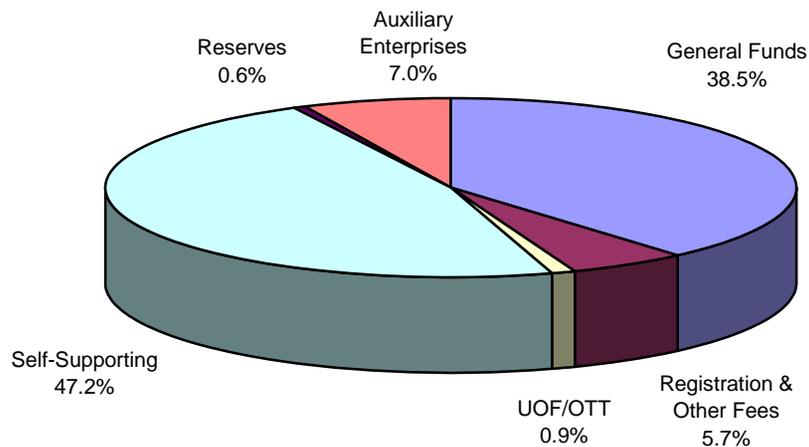

**A sampling of the services provided by BAS:**

- Provide life safety and security services, including law enforcement;
- Provide health, safety, and environmental protection programs to the university and surrounding areas;
- Provide accounting services, assessment and mitigation of fiduciary risk, and protection and effective utilization of university assets and resources,
- Provide staff human resources services, including labor relations services for staff personnel.
- Plan, design, construct, and administer campus construction projects;
- Provide services for the safe and efficient operation, maintenance and repair of the campus infrastructure and physical assets;
- Provide transportation and parking services to all campus constituents;
- Provide business services such as procurement, mail delivery, printing, copy, and temporary staff support.

**BAS staff:** 649.02 Budgeted Staff FTE

**BUSINESS & ADMINISTRATIVE SERVICES**

**Sources of Funds  
2005-2006  
(\$63 million)**

**MAJOR FUNCTIONAL AREAS:**

**Business Services**

- University Business Services
- Transportation & Parking Services

**Internal Control**

- Financial Affairs
- Internal Audit
- Office of Planning and Analysis
- Staff Human Resources

**Physical Environment**

- Physical Plant
- Physical Planning & Construction
- Silicon Valley Center

**Safety**

- Environmental Health & Safety
- Fire Department
- University Police

**College Eight**

UC Santa Cruz is a collegiate university. All undergraduate students and most faculty are affiliated with one of the colleges, their home within the larger university. All the colleges are committed to fostering a nurturing and academically thriving environment for students of all backgrounds. Each college strives to promote the attributes of a diverse and multicultural community in its own unique way.

Self-contained and architecturally distinct, each college is a relatively small community of 20 to 90 faculty members and between 1,200 to 1,564 students, about half of whom live on campus.

The ten colleges were founded in the following order:

- |                  |                      |
|------------------|----------------------|
| Cowell (1965)    | Kresge (1971)        |
| Stevenson (1966) | Oakes (1972)         |
| Crown (1967)     | College Eight (1972) |
| Merrill (1968)   | College Nine (2000)  |
| Porter (1969)    | College Ten (2002)   |

**2004-2005 Core Course Sections & Enrollments:**

College	Sections	Students
Cowell	16	361
Stevenson*	32	600
Crown	15	315
Merrill	13	253
Porter	17	368
Kresge	14	291
Oakes	13	274
College Eight	14	317
College Nine	10	279
College Ten	13	271

Totals 157 3,329  
 \*Stevenson's Core Course is taught over 2 quarters  
 Numbers based on Third Week Actuals

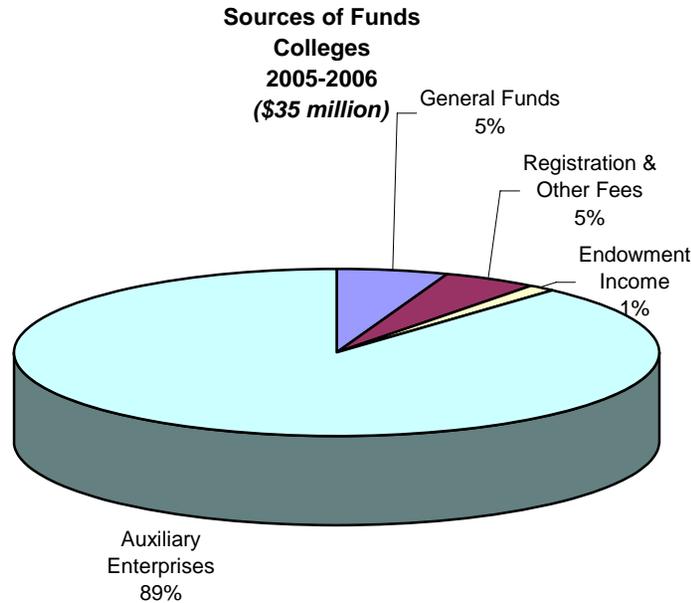

**Fall 2005 Student Enrollments by College:**

College	Enrollments
Cowell	1,461

College Nine	1,283
College Ten	1,199
Totals	13,600

**Staffing Level:** 115.74 Budgeted Staff FTE

COLLEGES

Does not include the State funded portion of Colleges Nine and Ten, which are included in Social Sciences' budget.

**Cowell College**

Student Gov't: Cowell Senate      Housing: 7 Res Halls; 3 Apt Bldgs  
Motto: "The Pursuit of Truth in the Company of Friends"

**Stevenson College**

Student Gov't: Stev. Student Council      Housing: 8 Res Halls; 0 Apt Bldgs  
Theme: "Self and Society"

**Crown College**

Student Gov't: Crown Student Senate      Housing: 8 Res Halls; 8 Apt Bldgs\*  
Theme: "Science, Technology and Society"

**Merrill College**

Student Gov't: Merrill Student Gov't      Housing: 4 Res Halls; 14 Apt Bldgs\*  
Theme: "Cultural Identities and Global Consciousness"

**Porter College**

Student Gov't: Porter Student Senate      Housing: 2 Res Halls; 0 Apt Bldgs  
Theme: "Arts in a Multicultural Society"

**Kresge College**

Student Gov't: Kresge Parliament      Housing: 0 Res Halls; 16 Apt Bldgs  
Theme: "Power and Representation"

**Oakes College**

Student Gov't: Oakes Senate      Housing: 4 Res Halls; 4 Apt Bldgs  
Core Course: "Values and Change in a Diverse Society"

**College Eight**

Student Gov't: Committee of Eight      Housing: 8 Res Halls; 2 Apt Bldgs  
Theme: "Environment and Society"

**Colleges Nine & Ten**

Student Government: Student Government at College 9 & College 10  
Housing: 6 Residential Halls; 5 Apartment Buildings  
Coll 9 Theme: "International and Global Perspective"  
Coll 10 Theme: "Social Justice & Community"

\* The 14 Crown/Merrill apartment buildings are shared Crown 57%, Merrill 43%.

**CruzNet is the wireless technology at UCSC. Students, faculty and staff can connect to the Internet using this technology.**

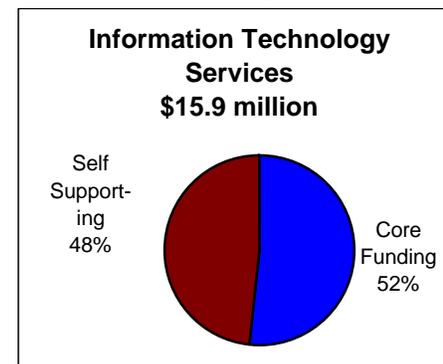

**Information Technology Services (ITS)** at UC Santa Cruz provides a spectrum of information technology (IT) resources and services that support instruction, research, administrative operations, and public service by providing information technology solutions to students, faculty and staff in the areas of instructional computing, administrative computing, voice and data services, information systems security, web services, media services, technical support and training. A sampling of services provided include: service over 9,000 telephone lines, 16,000 data connections and 19,000 email accounts across campus, and support for 12 instructional computing labs. For more information: <http://its.ucsc.edu/>.

## Information Technology Services (ITS) Profile

Students At UCSC

The **Division of Student Affairs** is one of the major divisions of the UC Santa Cruz campus, with oversight of all issues and resources related to student life. Student Affairs is a cluster of units designed and devoted to serve all students, and to make sure that the learning and living environment on campus is conducive to students attaining their academic goals. For students, that means the basics like getting financial aid, housing, health services, and possibly a job from the career center. But it also includes efforts to make every student feel important within the campus community.

## Student Affairs Division Profile

**Fall 2005 Campus Enrollment:** 13,600 Undergraduate Students  
1,401 Graduate Students

**Undergraduate Financial Aid Awards:** \$130 million in 2004-05 to 60% of students.  
Over \$1.5 million in merit scholarships annually.

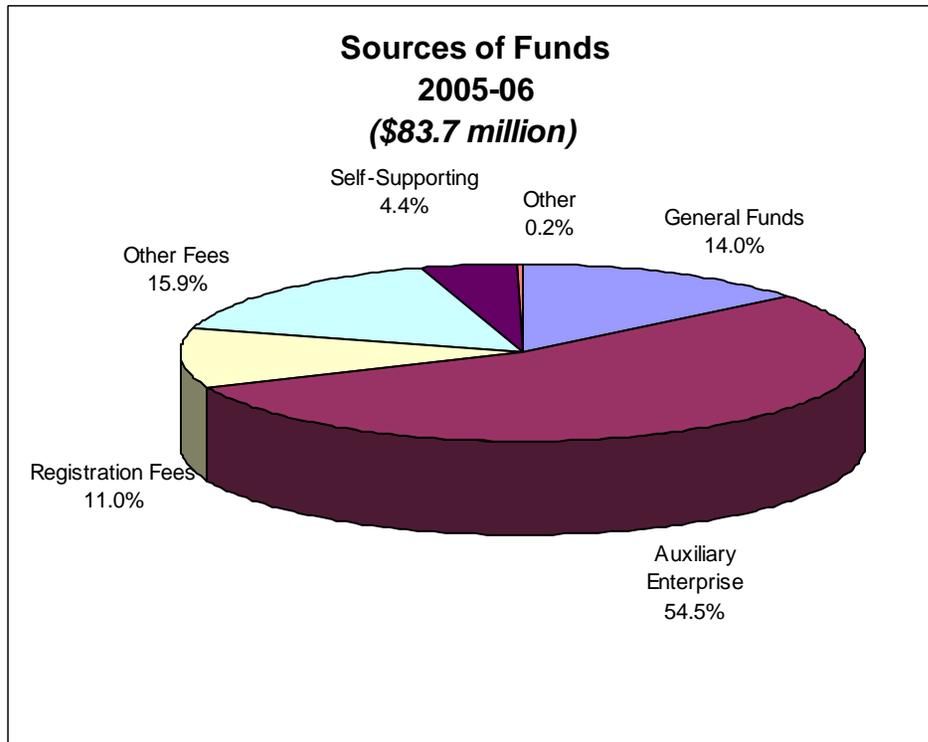

**Fall 2005 Student Housing:** 5,893 On-Campus and 138 Off-Campus

**Fall 2005 Applications & Admissions:** 21,326 Frosh Applicants (76% Admitted)  
4,499 Transfer Applicants (73% Admitted)

**Student Affairs Staff** 586.05 Budgeted Staff FTE

The staff of Student Affairs is committed to diversity, and always to excellence, working diligently to ensure student success, especially in regard to retention and graduation.

**STUDENT AFFAIRS**

**DIVISIONAL PRIORITIES:**

**Increase Student Enrollment, Retention & Progress**

- Enrollment Management
- Student Diversity
- Affordability of Education
- Student Retention

**Implement Responsive, Student-Centered Business Methods**

- 70/20/10 Service Model
- Academic Information System
- Student Portals

**Attract and Retain Quality Employees**

- Staff Outreach, Orientation & Training Opportunities
- Affordable Faculty & Staff Housing and Child Care
- Staff Diversity
- Evaluation & Feedback

**Expand, Upgrade and Maintain Physical Resources**

- Master Plan for Student Housing
- New Student-Life and Recreational Facilities

**Strengthen Student and Staff Mental & Physical Wellness**

\* Does not include funds budgeted in support of the Colleges or Student Aid.

NOTE: Figures include budgeted funds from the following sources: General & Special State Appropriations, Student Fees, Endowment Income, UOF/OTT, and Recharge & Auxiliary Income. The budget figures do not include funds from extramural sources (e.g. gifts, grants and contracts), and one-time funding sources. Housing Services budget figures are net of internal recharges to the Colleges.

**Public Affairs produced a series of stories about students who are using their educational experience at UCSC to the fullest. The above student has received a prestigious Knauss Fellowship in marine policy.**

The **University Relations Division** provides coordinated communication, relationship-building, and fundraising activities to generate the support needed to advance campuswide priorities. Working closely with the campus administration, faculty and volunteers, UR has developed action plans to achieve the following primary objectives.

- Build an effective development program that increases UCSC's private gift support.
- Strengthen strategic communications in support of fundraising and other campuswide priorities.
- Foster enduring relationships with a broad range of constituents.
- Build enduring divisional infrastructure needed to achieve these objectives.

## University Relations Profile

**2004-2005 Private Gift Support:** Over \$35 million

- Individual Alumni -- \$2.86M
- Other Individuals -- \$5.9M
- Corporations -- \$8.9M
- Foundations -- \$16.6M
- Other Sources -- \$1.1M

**5-Year Private Gift Support:** Almost \$116.9 million

- Individual Alumni -- \$6.8 M
- Other Individuals -- \$18.7 M
- Corporations -- \$17.9 M
- Foundations -- \$64.3 M
- Other Sources -- \$9.2 M

**Market Value of Endowment Assets:**

Foundation:	\$44,170,704
Regents:	\$46,019,318

**As of June 2005**

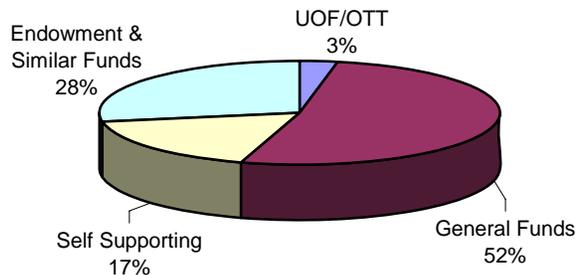

**Alumni:** 2005 Population: 64,187  
2005 Membership: 10,139

**Staff:** 52.79 Budgeted Staff FTE

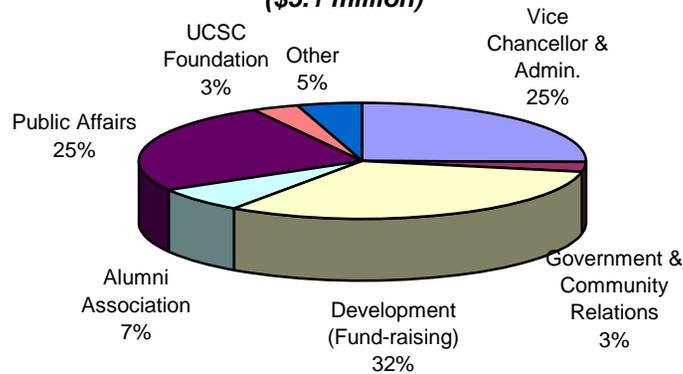

UNIVERSITY RELATIONS

Operating Budget Summary by Fund Source  
2005-2006

Operating Budget Summary by Major Unit  
(\$5.1 million)

DESCRIPTION OF MAJOR SUB-UNITS:

**Development** raises funds to support campus priorities, people and programs. Activities include donor cultivation, prospect research, annual giving, gift administration, stewardship, major giving, planned giving, and targeted campaigns. Initiating a \$150-\$200 million capital campaign.

**Public Affairs** promotes a broad understanding of and appreciation for the academic programs and public service projects of UCSC. Activities include coordinating news media coverage for the campus, producing publications (such as the *UC Santa Cruz Review* and *Currents*) and marketing documents, developing communication strategies, and overseeing UCSC's Arts & Lectures series and the Ticket Office.

**Alumni Relations** cultivates alumni and potential donors to gain greater support for UCSC. The Alumni Association sponsors an award program for faculty, staff, students and alumni achievements, provides an endowment for visiting professors, distributes scholarship funds, and organizes alumni events.

**UCSC Foundation Office** supports and coordinates the work of the UC Santa Cruz Foundation by providing service, oversight and staffing for the volunteer activities of the Foundation, and by linking its trustees to the rest of the campus community.

**Government & Community Relations** serves as the University's liaison to elected officials, public agencies and the community.

**Finance & Administration** provides divisional financial and administrative management, as well as strategic resource and financial planning, including the maintenance of the Alumni, Donors and Friends database (containing information for 190,000 individuals and 6,000 organizations).
